# MISCELLANEOUS BUSINESS.

### COMMISSIONER JARDINE FAMILY. ALDERMAN WIGODA COMMENDS

Alderman Wigoda stated that he wanted to pay tribute to a fine Chicago family, that of Commissioner Jardine. He spoke of Jim Jardine, as being a fine family man in his community, his daughter Margie and her fine family; Leonard Jardine his son, head coach of Brown University and John Jardine who had been appointed head coach at Wisconsin University, which was indeed a high honor at the age of thirty-four. He added that he thought recognition should be taken of the accomplishments of Commissioner Jardine's family.

Alderman Wigoda's remarks were greeted with warm applause.

Thereupon the Mayor called upon Commissioner Jardine to say a few words, stating that the Commissioner was doing a great job for the City of Chicago.

Commissioner Jardine in addressing the Council stated that he wanted to thank the Mayor and the members of the City Council, particularly Alderman Wigoda for his kind remarks. He said that the Lord had been good to the Jardines, that at this time of the year we count all our blessings, and that he considered the fine relations he enjoyed with the members of the Council to be one of those blessings. He concluded by saying that he was proud to be a member of the team and proud to be a Chicagoan.

### Ordinances Approved Amending Section 4 of Ordinances Authorizing Issuance and Sale of General Obligation Bonds for Specified Purposes.

Honorable Richard J. Daley, Mayor, submitted the following communication:

OFFICE OF THE MAYOR
CITY OF CHICAGO
December 30, 1969.

*To the Honorable, the City Council of the City of Chicago:*

GENTLEMEN—At the request of the City Comptroller, I transmit herewith for your consideration proposed ordinances amending Section 4 of previous ordinances authorizing the issuance of City of Chicago General Obligation 5% Bonds. The proposal seeks to authorize the City Comptroller to sell these bonds without further approval of the City Council, provided the effective interest rate will not exceed 7% per annum.

The ordinances have been approved by the Corporation Counsel and the Bond Counsel Chapman and Cutler. If adopted, it is hoped that the City will be able thereby to take advantage of a favorable market and act quickly to market the remainder of the City's bonds.

In order to provide the Comptroller with the greatest flexibility in marketing the remaining General Obligation Bonds, I would ask for Council approval at the earliest possible time.

Your favorable consideration is requested.

Very truly yours,
(Signed) RICHARD J. DALEY,
*Mayor.*

AN ORDINANCE

Amending Section 4 of "An Ordinance authorizing the issue of $5,500,000 Electric Lighting System Bonds of the City of Chicago and providing for the levy of taxes for the payment thereof".

WHEREAS, On the 15th day of November, 1967, the City Council of the City of Chicago adopted an ordinance authorizing the issue of $5,500,000 Electric Lighting System Bonds of said City and providing for the levy of taxes to pay the same; and

WHEREAS, In and by Section 4 of said ordinance the City Comptroller was authorized to advertise for proposals for the purchase of said bonds and that the advertisement should provide that the bonds offered for sale shall bear interest not to exceed the rate set forth in the ordinance, and that the bonds so offered would be awarded by the City Comptroller to the purchaser offering to purchase the bonds at the lowest net interest cost to the City, provided that the acceptable bidder shall offer to pay not less than par and accrued interest for the bonds; and

WHEREAS, The ordinance authorizing the issuance of said bonds provided that the bonds bear interest at the maximum rate of five per cent (5%) per annum, which was the maximum rate of interest authorized for said bonds at the election held when a majority of the electors voting on the question approved such bonds; and

WHEREAS, Money market conditions throughout the United States have materially changed since such election was held, interest rates having increased upon all types of securities, even to the extent of affecting the millions of dollars of outstanding United States Government Bonds, and drastically decreasing the market value of millions of dollars of bonds of municipalities that have been voted bearing a fixed maximum rate of interest; and

WHEREAS, The City Comptroller has found that bids cannot be received for the sale of the bonds authorized by said ordinance and that the sale of said bonds at par at this time is impossible; and

WHEREAS, The City Comptroller proposes to give extensive publicity to the sale of said bonds and publish notice in the Chicago Today, a newspaper published and having a general circulation in the City of Chicago, and in The Bond Buyer, a financial newspaper published in the City of New York, New York, at least three (3) days prior to receiving bids so as to determine the market value of the bonds, and to accept the best bid for said bonds whether such bid is at par or at a discount; and

WHEREAS, The work is in progress for which said bonds were authorized and it is imperative that the bonds be sold from time to time in order to produce the funds necessary to carry on such work; now, therefore,

*Be It Ordained by the City Council of the City of Chicago:*

SECTION 1. That Section 4 of an ordinance entitled "An Ordinance authorizing the issue of $5,500,000 Electric Lighting System Bonds of the City of Chicago and providing for the levy of taxes for the payment thereof", adopted by the City Council of the City of Chicago on the 15th day of November, 1967, be and is hereby amended to read as follows:

> Section 4. >
> The advertisement for proposals shall recite that the bonds so offered will be awarded by the City Comptroller to the successful bidder offering to purchase such bonds at the lowest aggregate interest cost to the City, computed to the fixed maturities of the bonds, not to exceed, however, an interest cost of seven per cent (7%) for each maturity.
>
> If a satisfactory bid is received by the City Comptroller at an aggregate interest cost to the City computed to the fixed maturity of the bonds of not to exceed the effective interest cost of seven per cent (7%) for each maturity, the City Comptroller be and is hereby authorized and directed to deliver said bonds to the successful purchaser upon receipt of the purchase price therefor in accordance with the acceptable bid awarded by the City Comptroller for the purchase of said bonds, anything to the contrary notwithstanding in any of the provisions of the Code of the City of Chicago.
>
> If any or all of the bonds are sold bearing a rate of interest of less than five per cent (5%) per annum, the City Council shall adopt an ordinance which shall set out the amount of taxes to be extended and collected so as to produce in each of such years sufficient money for the payment of interest upon such bonds at such lesser interest rate as the same becomes due. Said ordinance shall direct the County Clerk of Cook County to reduce and abate the amount of taxes hereby levied for the payment of interest upon the bonds so sold so that the amounts to be extended and collected in each of said years for payment of interest thereon will equal the amount of such interest computed at the rate of interest less than five per cent (5%) borne by the bonds that were sold and delivered.
>
> A certified copy of said ordinance shall be filed in the office of the County Clerk of Cook County, which shall constitute direction and authority for such reduction and abatement of taxes so levied for payment of interest on such bonds.

SECTION 2. That this ordinance shall be published within ten days after adoption and shall be in force upon its adoption and publication as by law provided.

Amending Section 4 of "An Ordinance authorizing the issue of $12,000,000 Municipal Building Bonds of the City of Chicago and providing for the levy of taxes for the payment thereof".

WHEREAS, On the 28th day of November, 1966, the City Council of the City of Chicago adopted an ordinance authorizing the issue of $12,000,000 Municipal Building Bonds of said City and providing for the levy of taxes to pay the same; and

WHEREAS, In and by Section 4 of said ordinance the City Comptroller was authorized to advertise for proposals for the purchase of said bonds and that the advertisement should provide that the bonds offered for sale shall bear interest not to exceed the rate set forth in the ordinance, and that the bonds so offered would be awarded by the City Comptroller to the purchaser offering to purchase the bonds at the lowest net interest cost to the City, provided that the acceptable bidder shall offer to pay not less than par and accrued interest for the bonds; and

WHEREAS, The ordinance authorizing the issuance of said bonds provided that the bonds bear interest at the maximum rate of five per cent (5%) per annum, which was the maximum rate of interest authorized for said bonds at the election held when a majority of the electors voting on the question approved such bonds; and

WHEREAS, Money market conditions throughout the United States have materially changed since such election was held, interest rates having increased upon all types of securities, even to the extent of affecting the millions of dollars of outstanding United States Government Bonds, and drastically decreasing the market value of millions of dollars of bonds of municipalities that have been voted bearing a fixed maximum rate of interest; and

WHEREAS, The City Comptroller has found that bids cannot be received for the sale of the bonds authorized by said ordinance and that the sale of said bonds at par at this time is impossible; and

WHEREAS, The City Comptroller proposes to give extensive publicity to the sale of said bonds and publish notice in the Chicago Today, a newspaper published and having a general circulation in the City of Chicago, and in The Bond Buyer, a financial newspaper published in the City of New York, New York, at least three (3) days prior to receiving bids so as to determine the market value of the bonds, and to accept the best bid for said bonds whether such bid is at par or at a discount; and

WHEREAS, The work is in progress for which said bonds were authorized and it is imperative that the bonds be sold from time to time in order to produce the funds necessary to carry on such work; now, therefore,

*Be It Ordained by the City Council of the City of Chicago:*

SECTION 1. That Section 4 of an ordinance entitled "An Ordinance authorizing the issue of $12,000,000 Municipal Building Bonds of the City of Chicago and providing for the levy of taxes for the payment thereof", adopted by the City Council of the City of Chicago on the 28th day of November, 1966, be and is hereby amended to read as follows:

> Section 4. The bonds hereby authorized shall be executed as herein provided and thereupon shall be deposited for safekeeping under the direction and control of the City Comptroller and shall be sold and delivered by the City Comptroller as the proceeds are needed for the purpose for which the bonds are authorized.
>
> The City Comptroller shall advertise for proposals to purchase said bonds; such advertisement shall be published once in the Chicago Today, being a newspaper having a general circulation in the City of Chicago, and once in The Bond Buyer, a financial newspaper published in the City of New York, such publication to be made at least three (3) days prior to the date when bids for the purchase of said bonds will be opened.
>
> The advertisement for proposals shall recite that the bonds so offered will be awarded by the City Comptroller to the successful bidder offering to purchase such bonds at the lowest aggregate interest cost to the City, computed to the fixed maturities of the bonds, not to exceed, however, an interest cost of seven per cent (7%) for each maturity.
>
> If a satisfactory bid is received by the City Comptroller at an aggregate interest cost to the City computed to the fixed maturity of the bonds of not to exceed the effective interest cost of seven per cent (7%) for each maturity, the City Comptroller be and is hereby authorized and directed to deliver said bonds to the successful purchaser upon receipt of the purchase price therefor in accordance with the acceptable bid awarded by the City Comptroller for the pur-

chase of said bonds, anything to the contrary notwithstanding in any of the provisions of the Code of the City of Chicago.

If any or all of the bonds are sold bearing a rate of interest of less than five per cent (5%) per annum, the City Council shall adopt an ordinance which shall set out the amount of taxes to be extended and collected so as to produce in each of such years sufficient money for the payment of interest upon such bonds at such lesser interest rate as the same becomes due. Said ordinance shall direct the County Clerk of Cook County to reduce and abate the amount of taxes hereby levied for the payment of interest upon the bonds so sold so that the amounts to be extended and collected in each of said years for payment of interest thereon will equal the amount of such interest computed at the rate of interest less than five per cent (5%) borne by the bonds that were sold and delivered.

A certified copy of said ordinance shall be filed in the office of the County Clerk of Cook County, which shall constitute direction and authority for such reduction and abatement of taxes so levied for payment of interest on such bonds.

SECTION 2. That this ordinance shall be published within ten days after adoption and shall be in force upon its adoption and publication as by law provided.

### Commendation Extended to Raymond F. Simon Upon Resignation as Corporation Counsel.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, This meeting marks the last time at which Raymond F. Simon will occupy the chair as Corporation Counsel and legal advisor to this legislative body, having announced his resignation as Corporation Counsel of the City of Chicago effective December 31, 1969; and

WHEREAS, This Council, mindful of the outstanding service which Raymond F. Simon has given to the citizens of Chicago, wishes to pause for the purpose of gratefully acknowledging the excellence and dedication with which he has performed a wide range of responsible positions for more than fifteen years. Always rising to the challenge of new and greater responsibility, Ray Simon was appointed in January of 1965 as the youngest man ever to be selected Corporation Counsel, having performed prior thereto with great distinction as Deputy Mayor, Assistant to the Mayor on Legislative Matters and as Assistant Corporation Counsel; and

WHEREAS, Corporation Counsel Simon always met the arduous and complicated tasks assigned to him with a zeal, enthusiasm, tenacity and quiet competence which not only won for him the personal respect and admiration of all with whom he came in contact, but also served to enhance the reputation of the Department which he proudly headed and the profession which he dutifully served; and

WHEREAS, Chicago will forever be in his debt for the prompt, thorough and lawyer-like presentation of the city's position which he made in authoring "The Strategy of Confrontation". In the highest of legal tradition, this work served to defend his client-city from widespread slander and misunderstanding. Sought after by thousands and available at libraries on virtually all campuses across the nation, Ray Simon provided reason and insight to quell doubt and fear—a civic contribution of enormous significance; and

WHEREAS, Ray Simon sought with great success during his tenure as Corporation Counsel to make the law more relevant to the times and responsive to the needs of the city and its citizens. Compassion dictated his efforts to expand the Deparment of Weights and Measures to embrace consumer sales credit abuses and fraudulent practices, and to secure passage of a state credit reform program. Legal ingenuity and an acute awareness of the conflicting pressures of demonstration led him to establish the procedure of assigning lawyers in his office to the scene of disorder and confrontation to help police distinguish constitutionally protected expression and conduct from illegal action. Resourceful advocacy by him held secure, for the welfare and protection of our citizens, the right of the city to license guns. The legal agility which he displayed in utilizing age-old legal remedies and theories against modern-day slums and deteriorated housing was applauded by the National Commission on Urban Problems which commented: "It is no accident that Chicago has been the leader in the development of imaginative code enforcement sanctions and that many of the innovations first instituted in Chicago involved civil and particularly equitable remedies". These and the myriad of other significant accomplishments by Corporation Counsel Raymond F. Simon and the staff which he both inspired and motivated represents a splendid record. Never seeking personal recognition but always providing dependable, clear, impartial and enlightened legal guidance and counseling. Ray Simon has truly served his city in the very best tradition of his profession and in a manner which brought great credit to all who labor in public service; and

WHEREAS, Ray Simon's competence, integrity, devotion, loyalty, wisdom and friendship, as well as the warmth and cheerfulness of his personality and gentlemanly demeanor, will be missed by the Mayor and the members of the City Council; now, therefore,

*Be It Resolved,* That the Mayor and the members of the City Council hereby extend their gratitude to Corporation Counsel Raymond F. Simon for the distinguished service he has rendered to them and to the community, and their most felicitous and heartfelt best wishes to him for great success in the private practice of law; and

*Be It Further Resolved,* That as a token of our esteem, this Resolution be spread upon the Official Journal of the Proceedings of the City Council and that a suitable copy of this Resolution be presented to Corporation Counsel Raymond F. Simon.

Alderman Keane moved to *Suspend the Rules Temporarily,* to permit immediate consideration of and action upon said proposed resolution. The motion *Prevailed.*

On motion of Alderman Keane (seconded by Aldermen Marzullo, Sain, Buchanan, Bilandic, Wigoda, Fitzpatrick, Cousins, Singer, Lupo, Holman, Rayner, Kerwin, Fifielski, Burke, Scholl and Simon) the foregoing proposed resolution was *Adopted,* unanimously.

Alderman Keane and the Aldermen who seconded the resolution dwelt at length on Mr. Simon's dedication to duty - his tireless research - the hours he devoted to his tasks - his rise from rather humble beginnings to one of the top posts in City Government, that of Corporation Counsel. All agreed as to his availability when problems arose during any time of the day or night saying that his door had always been open. His constant air of kindness, attention to detail and his unveiling air of courtesy towards one and all was noted as one of his outstanding characteristics. It was noted that he had argued before the lowest to the highest Courts of this nation. He was credited with having formulated one of the first Fair Housing Ordinances passed in the Middle West. Each of the aldermen also expressed their pleasure in the fact that it had been Mayor Daley who had selected this relatively young man to serve as Administrative Assistant, Assistant Corporation Counsel and ultimately as Corporation Counsel. It was stated that there had been no "generation gap" between the Mayor and the youth whom he had selected as members of his Cabinet. Mr. Simon was lauded for his genius, his efficiency, and the truly humane quality of his concern for all problems, not only those concerning the City, but for all the citizens of Chicago. The Aldermen wished him well in his new endeavor and all felt that he would bring to his practice all the qualities that had made him such an outstanding success as he had been as Corporation Counsel.

Honorable Richard J. Daley, Mayor, then addressed the Council stating that he had regarded Ray Simon as a member of his own family and as such he had fulfilled all the aspirations a father could wish. He thanked him for his dedication, his loyalty and for the tremendous job he had done as Corporation Counsel. He concluded by wishing him well, saying that he knew he would do as good a job for his clients as he had done for the City of Chicago.

The Mayor then called upon Mr. Simon to address the Council.

Mr. Simon thanked the Mayor and the members of the Council for the privilege of addressing them. He stated that it had been of the utmost gratification to have served the Mayor and the members of the Council whom he declared to have been really wonderful men to serve. He cited his assistants Richard Curry, Allen Hartman, Marvin Aspen, Syd Drebin, and others as being outstanding, competent lawyers who had been of great assistance in carrying out his task as Corporation Counsel. He thanked the Mayor and all of the members of the Council for their kind expressions of confidence.

By its acceptance hereof, the Sponsor hereby convenants that to the extent it has or may have either present or future control over each area identified on the Exhibit "A" as "clear zone", and unless exceptions to or deviations from the following obligations have been granted to the Sponsor in writing by the FAA, it will clear said area or areas of any existing structure or any natural growth which constitutes an obstruction to air navigation with the standards established by Section 77.23 as applied to Section 77.27, Part 77 of the Federal Aviation Regulations; and the Sponsor further covenants that it will control the subsequent erection of structures and control natural growth to the extent necessary to prevent the creation of obstructions within said standards.

13. The Sponsor hereby further convenants that it will not permit any permanent-type structures, other than structures required for aids to air navigation and such other structures as may be specifically excepted in writing by the FAA, to be erected on, and that it will cause any

existing structures to be removed from, each area identified on the Exhibit "A" as "clear zone" or any portions thereof, concerning which the Sponsor has acquired a fee interest with Federal financial assistance, irrespective of whether such structures constitute an obstruction to air navigation.

14. It is hereby understood and agreed by and between the parties hereto that Paragraph 7 of Part III - Sponsor's Assurances of the aforesaid Project Application shall be considered to be amended by deletion of the words "Section A of FAA Technical Standard Order No. N18 or Advisory Circular (AC) No. 150/5300.1, whichever is applicable according to the currently approved Airport Layout Plan", and by substitution therefor of the following: "Section 77.23 as applied to Section 77.27, Part 77 of the Federal Aviation Regulations."

15. It is understood and agreed that the terms "Administrator of the Federal Aviation Agency", "Administrator" or "Federal Aviation Agency" wherever they appear in this Agreement, in the Project Application, plans and specifications or other documents constituting a part of this Agreement shall be deemed to mean the Federal Aviation Administrator or the Federal Aviation Administration as the case may be.

16. The Sponsor –

(a) Will not grant or permit any exclusive right forbidden by section 308(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1349 (a) ) at the airport, or at any other airport now or hereafter owned or controlled by it;

(b) Agrees that, in furtherance of the policy of the FAA under this covenant, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm or corporation the exclusive right at the airport, or at any other airport now or hereafter owned or controlled by it, to conduct any aeronautical activities, including, but not limited to, charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity;

(c) Agrees that it will terminate any existing exclusive right to engage in the sale of gasoline or oil, or both, granted before July 17, 1962, at such an airport, at the earliest renewal, cancellation, or expiration date applicable to the agreement that established the exclusive right; and

(d) Agrees that it will terminate any other exclusive right to conduct any aeronautical activity now existing at such an airport before the grant of any assistance under the Federal Airport Act.

17. The Sponsor further covenants that it will not cause or permit any structure or object of natural growth to extend above the plane of the light path within the land area (presently, or hereafter owned or controlled by the Sponsor) comprising the site of any Approach Lighting System serving the aforesaid airport (an ALS site being an area extending 3200 feet outward from the approach end of the runway served and 400 feet in width located symmetrically about the projected runway centerline).

18. The Sponsor hereby covenants and agrees that the United States shall not make, nor shall it be obligated to make, any grant payment under this project until an Agency and Participation Agreement has been entered into by and between the City of Chicago, as principal, and the State of Illinois, Department of Aeronautics, as agent, and the same has been determined by the FAA to be consonant with the applicable statutes of the State of Illinois.

19. It is understood and agreed by and between the parties hereto that this Grant Offer is made and accepted upon the basis of preliminary plans and specifications submitted with the Project Application; and the parties hereby covenant and agree that the Sponsor shall furnish final plans and specifications to the FAA and that no construction work shall be commenced hereunder nor will there be any advertisement for bids for accomplishment of such work until the said final plans and specifications have been approved by the FAA; and the parties do hereby further covenant and agree that any reference made in this Grant Offer or in the aforesaid Project Application to plans and specifications shall be considered as having reference to said final plans and specifications as so approved.

20. The Federal Government does not plan or contemplate providing during the current year for the construction of any additional structures pursuant to the provisions of Paragraph 9 of Part III - Sponsor's Assurances of the aforesaid Project Application, and, therefore, it is understood and agreed that the Sponsor is under no obligation under the terms of this Grant Agreement to furnish any such area or rights without cost to the Federal Government. However, nothing contained herein shall be construed as altering or changing the rights of the United States and/or the obligation of the Sponsor under previous Grant Agreements respecting being furnished and furnishing of rent free building space for the activities specified in such Agreements.

The Sponsor's acceptance of this Offer and ratification and adoption of the Project Application incorporated herein shall be evidenced by execution of this instrument by the Sponsor, as hereinafter provided, and said Offer and Acceptance shall comprise a Grant Agreement, as provided by the Federal Airport Act, constituting the obligations and rights of the United States and the Sponsor with respect to the accomplishment of the Project and the operation and maintenance of the Airport. Such Grant Agreement shall become effective upon the Sponsor's acceptance of this Offer and shall remain in full force and effect throughout the useful life of the facilities developed under the Project but in any event not to exceed twenty years from the date of said acceptance.

# Part III–SPONSOR'S ASSURANCES

In order to furnish the assurances required by the Act and Regulations the Sponsor hereby covenants and agrees with the United States, as follows:

1. These covenants shall become effective upon acceptance by the Sponsor of an offer of Federal aid for the Project or any portion thereof, made by the FAA and shall constitute a part of the Grant Agreement thus formed. These covenants shall remain in full force and effect throughout the useful life of the facilities developed under this Project, but in any event not to exceed twenty (20) years from the date of said acceptance of an offer of Federal aid for the Project.

2. The Sponsor will operate the Airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the Airport open to all types, kinds, and classes of aeronautical use without discrimination between such types, kinds, and classes: *Provided,* That the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; *And Provided Further,* That the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the Airport if such action is necessary for the safe operation of the airport or necessary to serve the civil aviation needs of the public.

3. The Sponsor will not grant or permit any exclusive right for the use of the airport forbidden by Section 308 of the Federal Aviation Act of 1958, and will otherwise comply with all applicable laws. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm, or corporation the exclusive right for the conduct of any aeronautical activities on the Airport, including but not limited to, charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity: *Provided,* That the prohibition against the grant or permit of an exclusive right as set forth herein in no way alters the rights or obligations of the Sponsor under a surplus property instrument of transfer pursuant to which surplus property was conveyed to the Sponsor by the United States pursuant to the *Surplus Property Act of 1944, (61 Stat. 678), as amended.*

4. The Sponsor agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees:

a. That in its operation and the operation of all facilities on the airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease, or other arrangement under which a right or privilege at the Airport is granted to any person, firm, or corporation to render to the public any service (including the furnishing or sale of any aeronautical parts, materials, or supplies) essential to the operation of aircraft at the Airport, the Sponsor will insert and enforce provisions requiring the contractor:

(1) to furnish said service on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; *Provided,* That the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which would operate to prevent any person, firm, or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the Sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the Sponsor under the provisions of such subsection b.

5. Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the Sponsor to furnish any particular nonaeronautical service at the Airport.

6. The Sponsor will operate and maintain in a safe and serviceable condition the Airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the Airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with its use for airport purposes: *Provided,* That nothing contained herein shall be construed to require that the Airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; *And Provided Further,* That nothing herein shall be construed as requiring the maintenance, repair, restoration or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Sponsor.

7. Insofar as it is within its power and reasonably possible, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the Airport, which would constitute an obstruction to air navigation according to the criteria or standards prescribed in Section A of FAA Technical Standard Order No. N18, or Advisory Circular (AC) No. 150/5300–1, whichever is applicable according to the currently approved airport layout plan. In addition, the Sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the Airport, in any portion of a runway approach area in which the Sponsor has acquired, or may hereafter acquire, property interests permitting it to so control the use made of the surface of the land.

8. All facilities of the Airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by military and naval aircraft in common with other aircraft, except that if the use by military and naval aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the Sponsor and the using agency, substantial use of an airport by military and naval aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interfere with use of the landing area by other authorized aircraft, or during any calendar month that:

a. Five (5) or more military or naval aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of military or naval aircraft is 300 or more, or the gross accumulative weight of military or naval aircraft using the Airport (the total movements of military or naval aircraft multiplied by gross certified weights of such aircraft) is in excess of five million pounds.

9. Whenever so requested by the FAA, the Sponsor will furnish without cost to the Federal Government, for construction, operation and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the Sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and/or rights so required will be set forth in the Grant Agreement relating to the Project. Such areas or any portion thereof will be made available as provided herein within 4 months after receipt of written request from the FAA.

10. The Sponsor will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the Sponsor elects so long as the essential data are furnished. The Airport and all airport records and documents affecting the Airport, including deeds, leases, operation and use agreements, regulations, and other instruments, will be made available for inspection by any duly authorized representative of the FAA upon reasonable request. The Sponsor will furnish to the FAA, upon request, a true copy of any such document.

11. The Sponsor will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and Regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If an arrangement is made for management or operation of the Airport by any agency or person other than the Sponsor or an employee of the Sponsor, the Sponsor will reserve sufficient rights and authority to insure that the Airport will be operated and maintained in accordance with the Act, the Regulations, and these covenants.

12. The Sponsor will keep up to date at all times an airport layout plan of the Airport showing (1) the boundaries of the Airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars, and roads), including all proposed extensions and reductions of existing airport facilities; and (3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon. Such airport layout plan, and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The Sponsor will not make or permit the making of any changes or alterations in the Airport or any of its facilities other than in conformity with the airport layout plan as so approved by the FAA, if such changes or alterations might adversely affect the safety, utility, or efficiency of the Airport.

13. Insofar as is within its power and to the extent reasonable, the Sponsor will take action to restrict the use of land adjacent to or in the immediate vicinity of the Airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

14. If at any time it is determined by the FAA that there is any outstanding right or claim of right in or to the Airport property, other than those set forth in Part II, paragraphs 7(a), 7(b), and 7(c), the existence of which creates an undue risk of interference with the operation of the Airport or the performance of the covenants of this Part, the Sponsor will acquire, extinguish, or modify such right or claim of right in a manner acceptable to the FAA.

15. Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the Regulations shall have the meanings assigned to them therein.

## Part IV–PROJECT AGREEMENT

If the Project or any portion thereof is approved by the FAA, and an offer of Federal aid for such approved Project is accepted by the Sponsor, it is understood and agreed that all airport development included in such Project will be accomplished in accordance with the Act and the Regulations, the plans and specifications for such development, as approved by the FAA, and the Grant Agreement with respect to the Project.

IN WITNESS WHEREOF, the Sponsor has caused this Project Application to be duly executed in its name, this 3rd day of June, 1969.

[Signature forms omitted]

### NON-DISCRIMINATION IN A FEDERALLY ASSISSTED PROGRAM OF THE FEDERAL AVIATION ADMINISTRATION.

In order to furnish the assurances required by Title VI of the Civil Rights Act of 1964 and by Part 15 of the Federal Aviation Regulations as amended, the Sponsor named below (hereinafter called the "Sponsor") hereby covenants and agrees with the United States (hereinafter called the Government) as follows:

The Sponsor, in the operation and use of the airport listed below will not on the grounds of race, color, or national origin discriminate or permit discrimination against any person or group of persons in any manner prohibited by Part 15 of the Federal Aviation Regulations.

The Sponsor will also include, or require the inclusion, in every agreement or concession pursuant to which any person, other than the Sponsor, operates or has the right to operate any facility on the Airport providing services to the public, the foregoing covenant as an obligation assumed by that person, together with a provision granting the Sponsor the right to take such action as the Government may direct to enforce that covenant.

Non-compliance with the above assurances shall constitute a material breech, and in the event of such non-compliance the Government may take appropriate action to enforce compliance, may terminate the Grant Agreement to which this covenant relates, or seek judicial enforcement.

The covenant shall become effective upon execution of a Grant Agreement pursuant to the below identified Project Application and shall constitute part of the Grant Agreement to which it relates and shall remain in full force and effect so long as the airport covered by such agreement continues to be used and operated as a public airport.

SECTION 2. This ordinance shall be in force and effect from and after its passage.

(continued from page 7258)

3. As between the Municipality, the State of Illinois and the United States, the Municipality shall be the contractual party to such construction contract or contracts as shall be entered into for the accomplishment of the project, subject only to the agency provisions hereinafter set out.
4. Plans, specifications and estimates for said project have been prepared by or at the instance of the Municipality.
5. The Municipality will provide adequate, capable and qualified Illinois Licensed resident project engineer(s) and materials testing technician(s) and will further prepare and transmit such project reports as shall be required by the Federal Aviation Administration, or the Department, including semi-final and a final inspection report on the project work (or if more than one construction contract is involved, then on each phase of the project work which is covered by separate contract) to the Department, and in conjunction with such final inspection report or reports shall certify to the Department that the work involved has been fully completed in accordance with the plans, specifications and contracts, as the same shall have been modified or supplemented by change order, supplementary contract or otherwise, and that such work is accepted.
6. The Municipality hereby designates the Department, as its Agent, and the Department hereby accepts said designation to act as Agent for the Municipality.
   (a) To exercise such direction of the project work as its personnel will permit but limited to a determination that the project is being completed in accordance with plans and specifications, provided that neither the Department nor the State shall be held responsible or be chargeable for any damage resulting from performance or attempted performance of said project work or for any other cause or reason.
   (b) To accept, endorse and deliver to the Municipality, without recourse, all warrants issued by the United States in aid of said project pursuant to this agreement.
7. The Municipality shall be a signatory party, in its own name, stead, right and behalf, to the Project Application made or to be made to the Federal Aviation Administration, to the Acceptance of such Grant Offer as shall be tendered by the United States, through the Federal Aviation Administration, to any and all Amendments to such Grant Agreement as shall be executed, and to any and all Applications for Grant payments (Form FAA 5100-6). The Department shall be furnished with one (1) executed copy of each of these documents.
8. The total cost of the project is Two Hundred and Fifty Three Thousand, Twenty Four Dollars ($253,024.00). The estimated total of construction costs for said project is Two Hundred and Twenty One Thousand, Nine Hundred and Fifty Dollars ($221,950.00). The Department hereby agrees, with approval of the Governor, to participate in the project, for payment of such construction costs as are not barred by Section 34 of the Illinois Aeronautics Act, from funds appropriated to the Department by and under House Bill No. 909, 76th General Assembly to the extent hereinafter stated. Payments to the Contractor shall be made from time to time on the basis of field reports submitted by the Project Engineer and approved by the Chief Engineer, up to said maximum State funds committed.

   On the basis of the Tentative Allocation issued by the Federal Aviation Administration, it is expected that a Grant Offer from the United States will be tendered in the approximate amount of One Hundred Forty Three Thousand, Six Hundred Dollars ($143,600.00). It is understood that the Department will contribute the sum of One Hundred Sixteen Thousand, Seven Hundred Dollars ($116,700.00) for the accomplishment of the project. However, the Municipality specifically agrees that in any event it will pay on project construction costs any amount by which the total of actual project construction costs may and shall exceed the sum of the State funds, as are herein committed, and the Federal funds granted to or allowed and paid on project construction costs, as the same may be incurred by reason of contingencies, overruns, engineering errors, or otherwise, in order to complete the work called for by the project Grant Agreement with the United States, and the Project Plans and Specifications, as the same may, with the express consent and approval of the Municipality, be amended, changed, modified or supplemented subject, however, and only to the limitations as to revenue raising and restrictions on bonded indebtedness imposed by State Statute and constitution.
9. All disbursements of State funds in connection with said project shall be made on the following basis:
   (a) The Municipality shall establish an account in which shall be deposited all State funds (and in which may be deposited Federal funds) pertaining to the project. All State funds granted for said project shall be deemed to be trust funds, and shall be applied by the Municipality for the purpose for which they were granted by the Department. The Municipality shall have the right to draw checks against said Account, or make withdrawals therefrom, and the bank or banks in which said funds are deposited shall be under no obligation to see to the application of said funds. The Department shall be furnished with copies of the vouchers authorizing withdrawals of funds from said account.

12. By its acceptance hereof, the Sponsor hereby convenants that to the extent it has or may have either present or future control over each area identified on the Exhibit "A" as "clear zone", and unless exceptions to or deviations from the following obligations have been granted to the Sponsor in writing by the FAA, it will clear said area or areas of any existing structure or any natural growth which constitutes an obstruction to air navigation with the standards established by Section 77.23 as applied to Section 77.27, Part 77 of the Federal Aviation Regulations; and the Sponsor further covenants that it will control the subsequent erection of structures and control natural growth to the extent necessary to prevent the creation of obstructions within said standards.

13. The Sponsor hereby further convenants that it will not permit any permanent-type structures, other than structures required for aids to air navigation and such other structures as may be specifically excepted in writing by the FAA, to be erected on, and that it will cause any

existing structures to be removed from, each area identified on the Exhibit "A" as "clear zone" or any portions thereof, concerning which the Sponsor has acquired a fee interest with Federal financial assistance, irrespective of whether such structures constitute an obstruction to air navigation.

14. It is hereby understood and agreed by and between the parties hereto that Paragraph 7 of Part III - Sponsor's Assurances of the aforesaid Project Application shall be considered to be amended by deletion of the words "Section A of FAA Technical Standard Order No. N18 or Advisory Circular (AC) No. 150/5300.1, whichever is applicable according to the currently approved Airport Layout Plan", and by substitution therefor of the following: "Section 77.23 as applied to Section 77.27, Part 77 of the Federal Aviation Regulations."

16. The Sponsor –

    (a) Will not grant or permit any exclusive right forbidden by section 308(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1349 (a) ) at the airport, or at any other airport now or hereafter owned or controlled by it;

    (b) Agrees that, in furtherance of the policy of the FAA under this covenant, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm or corporation the exclusive right at the airport, or at any other airport now or hereafter owned or controlled by it, to conduct any aeronautical activities, including, but not limited to, charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity;

    (c) Agrees that it will terminate any existing exclusive right to engage in the sale of gasoline or oil, or both, granted before July 17, 1962, at such an airport, at the earliest renewal, cancellation, or expiration date applicable to the agreement that established the exclusive right; and

    (d) Agrees that it will terminate any other exclusive right to conduct any aeronautical activity now existing at such an airport before the grant of any assistance under the Federal Airport Act.

17. .8. It is understood and agreed by and between the parties hereto that any reference herein or in the aforesaid Project Application to plans and specifications shall mean the plans and specifications approved, subject to Engineering Comments, on 11 November 1969 by the Special Engineer, City of Chicago, Airports Branch, Chicago Area Office, Central Region, FAA.

19. The Federal Government does not now plan or contemplate the construction of any structures pursuant to Paragraph 9 of Part III - Sponsor's Assurances of the Project Application, dated 14 October 1969, and, therefore, it is understood and agreed that the Sponsor is under no obligation to furnish any such areas or rights without cost to the Federal Government under this Grant Agreement. However, nothing contained herein shall be construed as altering or changing the rights of the United States and/or the obligations of the Sponsor under prior Grant Agreements to furnish rent-free space for the activities specified in such agreements.

20. It is understood and agreed by and between the parties hereto that the United States shall not make, nor shall it be obligated to make, final grant payment until the Sponsor has submitted for review by the FAA all leases and concession agreements in effect at the said Airport that have not been previously reviewed by the FAA which grant rights to conduct enterprises rendering services to the public, and the same have been determined by the FAA to be nonobjectionable.

The Sponsor's acceptance of this Offer and ratification and adoption of the Project Application incorporated herein shall be evidenced by execution of this instrument by the Sponsor, as hereinafter provided, and said Offer and Acceptance shall comprise a Grant Agreement, as provided by the Federal Airport Act, constituting the obligations and rights of the United States and the Sponsor with respect to the accomplishment of the Project and the operation and maintenance of the Airport. Such Grant Agreement shall become effective upon the Sponsor's acceptance of this Offer and shall remain in full force and effect throughout the useful life of the facilities developed under the Project but in any event not to exceed twenty years from the date of said acceptance.

3. The Sponsor will not grant or permit any exclusive right for the use of the airport forbidden by Section 308 of the Federal Aviation Act of 1958, and will otherwise comply with all applicable laws. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm, or corporation the exclusive right for the conduct of any aeronautical activities on the Airport, including but not limited to, charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity: *Provided*, That the prohibition against the grant or permit of an exclusive right as set forth herein in no way alters the rights or obligations of the Sponsor under a surplus property instrument of transfer pursuant to which surplus property was conveyed to the Sponsor by the United States pursuant to the *Surplus Property Act of 1944, (61 Stat. 678), as amended.*

4. The Sponsor agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees:

a. That in its operation and the operation of all facilities on the airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease, or other arrangement under which a right or privilege at the Airport is granted to any person, firm, or corporation to render to the public any service (including the furnishing or sale of any aeronautical parts, materials, or supplies) essential to the operation of aircraft at the Airport, the Sponsor will insert and enforce provisions requiring the contractor:

(1) to furnish said service on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; *Provided*, That the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which would operate to prevent any person, firm, or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the Sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the Sponsor under the provisions of such subsection b.

5. Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the Sponsor to furnish any particular nonaeronautical service at the Airport.

6. The Sponsor will operate and maintain in a safe and serviceable condition the Airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the Airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with its use for airport purposes: *Provided*, That nothing contained herein shall be construed to require that the Airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; *And Provided Further*, That nothing herein shall be construed as requiring the maintenance, repair, restoration or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Sponsor.

7. Insofar as it is within its power and reasonably possible, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the Airport, which would constitute an obstruction to air navigation according to the criteria or standards prescribed in Section A of FAA Technical Standard Order No. N18, or Advisory Circular (AC) No. 150/5300–1, whichever is applicable according to the currently approved airport layout plan. In addition, the Sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the Airport, in any portion of a runway approach area in which the Sponsor has acquired, or may hereafter acquire, property interests permitting it to so control the use made of the surface of the land.

8. All facilities of the Airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by military and naval aircraft in common with other aircraft, except that if the use by military and naval aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the Sponsor and the using agency, substantial use of an airport by military and naval aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interfere with use of the landing area by other authorized aircraft, or during any calendar month that:

a. Five (5) or more military or naval aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of military or naval aircraft is 300 or more, or the gross accumulative weight of military or naval aircraft using the Airport (the total movements of military or naval aircraft multiplied by gross certified weights of such aircraft) is in excess of five million pounds.

9. Whenever so requested by the FAA, the Sponsor will furnish without cost to the Federal Government, for construction, operation and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the Sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and/or rights so required will be set forth in the Grant Agreement relating to the Project. Such areas or any portion thereof will be made available as provided herein within 4 months after receipt of written request from the FAA.

10. The Sponsor will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the Sponsor elects so long as the essential data are furnished. The Airport and all airport records and documents affecting the Airport, including deeds, leases, operation and use agreements, regulations, and other instruments, will be made available for inspection by any duly authorized representative of the FAA upon reasonable request. The Sponsor will furnish to the FAA, upon request, a true copy of any such document.

11. The Sponsor will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and Regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If an arrangement is made for management or operation of the Airport by any agency or person other than the Sponsor or an employee of the Sponsor, the Sponsor will reserve sufficient rights and authority to insure that the Airport will be operated and maintained in accordance with the Act, the Regulations, and these covenants.

12. The Sponsor will keep up to date at all times an airport layout plan of the Airport showing (1) the boundaries of the Airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars, and roads), including all proposed extensions and reductions of existing airport facilities; and (3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon. Such airport layout plan, and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The Sponsor will not make or permit the making of any changes or alterations in the Airport or any of its facilities other than in conformity with the airport layout plan as so approved by the FAA, if such changes or alterations might adversely affect the safety, utility, or efficiency of the Airport.

13. Insofar as is within its power and to the extent reasonable, the Sponsor will take action to restrict the use of land adjacent to or in the immediate vicinity of the Airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

14. If at any time it is determined by the FAA that there is any outstanding right or claim of right in or to the Airport property, other than those set forth in Part II, paragraphs 7(a), 7(b), and 7(c), the existence of which creates an undue risk of interference with the operation of the Airport or the performance of the covenants of this Part, the Sponsor will acquire, extinguish, or modify such right or claim of right in a manner acceptable to the FAA.

15. Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the Regulations shall have the meanings assigned to them therein.

## Part IV–PROJECT AGREEMENT

If the Project or any portion thereof is approved by the FAA, and an offer of Federal aid for such approved Project is accepted by the Sponsor, it is understood and agreed that all airport development included in such Project will be accomplished in accordance with the Act and the Regulations, the plans and specifications for such development, as approved by the FAA, and the Grant Agreement with respect to the Project.

IN WITNESS WHEREOF, the Sponsor has caused this Project Application to be duly executed in its name, this 14TH day of OCTOBER, 1967

### NON-DISCRIMINATION IN A FEDERALLY ASSISTED PROGRAM OF THE FEDERAL AVIATION ADMINISTRATION

In order to furnish the assurances required by Title VI of the Civil Rights Act of 1964 and by Part 15 of the Federal Aviation Regulations as amended, the Sponsor named below (hereinafter called the "Sponsor") hereby covenants and agrees with the United States (hereinafter called the "Government") as follows:

The Sponsor, in the operation and use of the airport listed below will not on the grounds of race, color, or national origin discriminate or permit discrimination against any person or group of persons in any manner prohibited by Part 15 of the Federal Aviation Regulations.

The Sponsor will also include, or require the inclusion, in every agreement or concession pursuant to which any person, other than the Sponsor, operates or has the right to operate any facility on the Airport providing services to the public, the foregoing covenant as an obligation assumed by that person, together with a provision granting the Sponsor the right to take such action as the Government may direct to enforce that covenant.

Non-compliance with the above assurances shall constitute a material breach, and in the event of such non-compliance the Government may take appropriate action to enforce compliance, may terminate the Grant Agreement to which this covenant relates, or seek judicial enforcement.

The covenant shall become effective upon execution of a Grant Agreement pursuant to the identified Project Application and shall constitute part of the Grant Agreement to which it relates and shall remain in full force and effect so long as the airport covered by such agreement continues to be used and operated as a public airport.

SECTION 2. This ordinance shall be in force and effect from and after its passage.

The Municipality will provide adequate, capable and qualified Illinois Licensed resident project engineer(s) and materials testing technician(s) and will further prepare and transmit such project reports as shall be required by the Federal Aviation Administration, or the Department, including semi-final and a final inspection report on the project work (or if more than one construction contract is involved, then on each phase of the project work which is covered by separate contract) to the Department, and in conjunction with such final inspection report or reports shall certify to the Department that the work involved has been fully completed in accordance with the plans, specifications and contracts, as the same shall have been modified or supplemented by change order, supplementary contract or otherwise, and that such work is accepted.
6. The Municipality hereby designates the Department, as its Agent, and the Department hereby accepts said designation to act as Agent for the Municipality.
   (a) To exercise such direction of the project work as its personnel will permit but limited to a determination that the project is being completed in accordance with plans and specifications, provided that neither the Department nor the State shall be held responsible or be chargeable for any damage resulting from performance or attempted performance of said project work or for any other cause or reason.
   (b) To accept, endorse and deliver to the Municipality, without recourse, all warrants issued by the United States in aid of said project pursuant to this agreement.

It is understood that the Department will contribute the sum of One Hundred and Five Thousand, Three Hundred Fifty Dollars ($105,350.00), for the accomplishment of the project. However, the Municipality specifically agrees that in any event it will pay on project construction costs any amount by which the total of actual project construction may and shall exceed the sum of the State funds, as are herein committed, and the Federal funds granted to or allowed and paid on project construction costs, as the same may be incurred by reason of contingencies, overruns, engineering errors, or otherwise, in order to complete the work called for by the project Grant Agreement with the United States, and the Project Plans and Specifications, as the same may, with the express consent and approval of the municipality, be amended, changed, modified or supplemented subject, however, and only to the limitations as to revenue raising and restrictions on bonded indebtedness, imposed by State statute and constitution.

9. All disbursements of State funds in connection with said project shall be made on the following basis.

All State funds granted for said project shall be deemed to be trust funds, and shall be applied by the Municipality for the purpose for which they were granted by the Department.    (c) When satisfied that it is lawful and proper for the requested funds to be provided, the Department will prepare, execute and deliver to the appropriate State Department, agency or official all necessary vouchers or documents required to induce the action thereof in providing such funds. The Department may, if it so desires, supply the Municipality with the forms of vouchers or documents, aforesaid, and require the Municipality to fill in and prepare said forms for the Department's execution.
10. The Municipality agrees to comply at all times with the conditions prescribed in said Section 34 with respect to which the Municipality is required to satisfy the Department under the terms thereof.
11. The Municipality shall file with the Department such reports concerning the matters covered by this agreement, including the use, operation and maintenance of the Airport, as the Department may require from time to time.

The failure, neglect or refusal on the part of the Village to make promptly and properly such changes in its piping to maintain tightness or to eliminate undesirable connections upon notice in writing so to do from said Commissioner of Water and Sewers, shall furnish sufficient grounds for the City to shut off the water and discontinue the service hereunder until changes and corrections in said piping or connections required by the City are made by the Village.

16) The Village agrees to prevent excessive use and waste of water.

17) The Village agrees to appropriate annually sufficient money or so much thereof, as may be necessary, to provide sufficient funds for the payment of the water furnished by the City hereunder. The Village further agrees that it will at all times charge its water consumers sufficient rates in order to provide adequate funds for the payment of water furnished it by the City.

18) It is further agreed that the City may either in law or equity, by suit, mandamus or other proceedings, enforce or compel performance of any and all covenants herein contained.

19) In order to safeguard its water supply received hereunder and the City's water supply, the Village hereby agrees to maintain a safe water supply throughout its system and to provide, maintain and operate at all times during the period of this contract, chlorinating equipment or other equally effective health protecting process equipment of such kind and capacity that a proper chlorine residual or similarly effective result may be carried throughout its water supply system. All proposed water works improvements which must be approved by the Commissioner of Water and Sewers of the City, shall be disinfected in accordance with the requirements of the Department of Water and Sewers of the City; said water works improvements shall not be placed into service until approved as to sanitary quality.

20) The City may adopt any protective or health measures it deems advisable or desirable for the benefit of its water consumers, such as the fluoridation of its water, in any manner that the Commissioner of Water and Sewers of the City shall see fit.

21) The Village agrees to notify the Commissioner of Water and Sewers of the City as promptly as possible of all emergency and other conditions which may directly or indirectly affect the quality of the water received hereunder and the City's water supply and further agrees that the duly authorized Engineers and Inspectors of the City shall be allowed to make inspections and required tests of the quality of the water supply as received hereunder, as well as the quality of the water within the Village distribution system.

22) The Village agrees not to resell or permit any water furnished hereunder to be used to supply any other municipality or any consumer of water located or residing outside the territorial limits of the Village except if and when it should be specifically authorized so to do by the City Council of the City.

23) The Village agrees to use City water exclusively during the period of this contract.

24) The Village further agrees not to sell, lease or give any interest in or right or privilege to utilize its water supply main or mains to any other municipality or any consumer of water whose premises are located outside the territorial limits of the Village, and further agrees not to permit any connection to be made to its water supply main or mains, except to supply consumers within the territorial limits of the Village without first securing the consent in writing of the City Council of the City so to do.

25) At the end of each calendar year during the term of this contract and not later than March 31st of each year, the Village agrees to submit to the Commissioner of Water and Sewers of the City a report in writing showing in cubic feet or gallons the amount of water furnished the Village and the amount in quantity and charges billed by it to consumers during the preceding year and to furnish such other information regarding billing, collections and delinquencies as may be requested from time to time by said Commissioner of Water and Sewers.

26) At the end of each billing period· but at least quarterly, the Village agrees to submit to the Commissioner of Water and Sewers of the City a complete list of all water consumers of the Village located or residing outside its corporate limits, showing name, location, character of occupancy, amount of water in cubic feet or gallons furnished, charges billed and payment to the City of Chicago at the higher rate.

27) To secure prompt payment of the water bills, the City shall have the right at any time to require the Village to pay in advance a sum of money estimated by the Commissioner of Water and Sewers of the City to be equal to the cost of water required by the Village, for a period of ninety (90) days at the then prevailing metered rate, which said advance payment the Village hereby agrees to make upon demand.

28) The City shall not be responsible in damages for any failure to supply water or for interruption of the water furnished hereunder. The Village agrees to save and keep harmless the City from all damage to real and personal property occasioned or caused by the making of the water connection or connections herein referred to or caused by the furnishing of water hereunder· and shall also keep and save harmless the City from all damage of any kind, nature and description which may arise as the result of the making of this agreement.

29) The City reserves the right to its Commissioner of Water and Sewers to decide all questions arising as to the proper performance of this contract.

30) In furtherance and not in limitation of this contract, it is mutually agreed that all rights of the City and the Village of McCook under the Water Supply Contract No. 20366 dated December 8th, 1958 between the City of Chicago and the Village of McCook which expired December 8th, 1968; the amended contract No. 22087 dated November 7th, 1960 between the City of Chicago and the Village of McCook to permit the Village of McCook to furnish a supply of water to the Village of Hodgkins which expired December 8th, 1968 and the amended contract No. 24429 dated October 7th, 1963 between the City of Chicago and the Village of McCook to permit the Village of McCook to furnish a supply of water to the City of Countryside which expired December 8th, 1968, and all rights of either party arising from the delivery of water prior to the date of the execution of this agreement are extinguished· except for the express reservation of the right of the City to obtain payment for, or to enforce collection of any unpaid water charges occuring prior to the date of execution of this agreement.

31) If the Village shall refuse, neglect or fail to pay promptly the water bills rendered for the water supplied it hereunder within the time or times prescribed by the Ordinances of the City, or if the Village shall fail to comply with or perform any of the conditions or obligations on their part to be complied with or to be performed hereunder, and if after such failure the City shall deliver at the Village Hall of the Village of McCook, addressed to the President and Board of Trustees of the Village, a notice in writing of its intention to shut off the supply of water on account of such failure, refusal or neglect, then the City shall have the right to shut off the supply at the expiration of five (5) days after the giving of such notice, and to terminate this contract unless within five (5) days the Village shall make good such failure. The shutting off of the supply of water for any such cause shall not release the Village from its obligation to make payments of any amount or amounts due or to become due in accordance with the terms hereof.

32) No assignment or transfer of this agreement shall be made by the Village.

33) The Village hereby waives any defenses it may have by virtue of any governmental function it exercises in any action brought at law or equity under the terms of this contract.

34) No officer, official or agent of the City has the power to amend, modify or alter this agreement or waive any of its conditions or to bind the City by making any promise or representation not contained herein.

35) This agreement is subject to cancellation by the City of Chicago in the event the Supreme Court of the United States of America or any other court of competent jurisdiction decrees that the City has no right to contract for, sell, disperse, distribute or limits the amount of water the City may use for domestic pumpage or otherwise places a burden on the City in connection with the withdrawal of water from Lake Michigan, or otherwise dispose of water from Lake Michigan to any municipality or user residing outside of the limits of the City of Chicago.

### *Action Deferred*—ON PROPOSED ORDINANCE FOR EXECUTION OF STEAM AGREEMENT BY AND BETWEEN CITY OF CHICAGO, COUNTY OF COOK AND PUBLIC BUILDING COMMISSION.

The Committee on Finance submitted the following report, which was, at the request of two aldermen present (Alderman Despres and Alderman Simon) *Deferred* and ordered published:

CHICAGO, December 30, 1969

*To the President and Members of the City Council:*

Your Committee on Finance to which was referred a communication dated October 8, 1969 from the Office of the Mayor transmitting an ordinance authorizing the execution of a Steam Agreement by and between the City of Chicago, the County of Cook and the Public Building Commission of Chicago having had the same under advisement begs leave to report and recommend that Your Honorable Body pass the proposed ordinance transmitted herewith.

This recommendation was concurred in by 36 members of the committee, with no dissenting vote.

Respectfully submitted,

(Signed) **THOMAS E. KEANE,**
*Chairman.*

The following is the proposed ordinance transmitted with the foregoing committee report:

*Whereas,* The alteration and renovation of the City Hall Building and certain renovation work being done in the County Building, including the air conditioning thereof through means of a steam-powered absorption system, would require the renovation of the existing City Hall boiler plant and extensive stack repairs in order to meet the new steam requirements of both the City Hall and the County Building; and

*Whereas,* The Public Building Commission of Chicago has caused an additional boiler to be installed at the Chicago Civic Center and has constructed steam lines from the Chicago Civic Center to the County Building and into and through the County Building and into the City Hall, in order to supply all of the steam requirements of both the City and the County, and in order to provide the Chicago Civic Center with additional standby capacity, and to effect economies in the operation of its boiler plant which will accrue to the benefit of the City and County as lessees of the Chicago Civic Center; and

*Whereas,* It is the opinion of the Public Building Commission of Chicago, the City of Chicago and the County of Cook that it will be the most economical for all parties that the City and County be furnished all of their steam requirements by the Public Building Commission of Chicago from the Chicago Civic Center boiler plant; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

*Section 1.* That for the purposes above designated in the preamble of this ordinance, the Mayor is authorized to execute in behalf of the City and the City Clerk is authorized to attest, when approved by the Corporation Counsel, an Agreement by and between the City of Chicago, the County of Cook and the Public Building Commission entitled "Steam Agreement" substantially in the following form:

This Agreement, made and entered into this ........................ day of ........................, 19...., by and between the Public Building Commission of Chicago, a municipal corporation of the State of Illinois (hereinafter referred to as the "Commission"), the City of Chicago, a municipal corporation of the State of Illinois (hereinafter referred to as the "City"), and the County of Cook, a body politic and corporate of the State of Illinois (hereinafter referred to as the "County").

WITNESSETH:

Whereas, the City has been supplying the County, from the existing City Hall boiler plant, with all of the County's steam requirements for the heating of the County Building; and

Whereas, the County is now engaged in a renovation of the County Building, including the addition thereto of a steam-powered, absorption-type air conditioning system, which said system will greatly increase its steam requirements; and

Whereas, the Commission has heretofore acquired the fee simple title to the City Hall premises and is in the process of altering, repairing, improving and renovating said City Hall and has leased the entire City Hall premises to the City; and

Whereas, the City, as sole lessee of said City Hall, is responsible for providing and paying for the maintenance and operation of said City Hall including, by way of illustration and not in limitation thereof, the heating and air conditioning of said City Hall; and

Whereas, the proposed new air conditioning system for the City Hall will be of electric-powered, compressor-type, not requiring steam heat; and

Whereas, in order to meet all of the new steam requirements of both the City and the County, the existing City Hall boiler plant would have to be renovated and enlarged; and

Whereas, it is the opinion of the Commission, the City and the County that it would not be economical to renovate or enlarge the existing City Hall boiler plant; and

Whereas, the City will still require steam for its heating needs for the City Hall and the County for both its heating and proposed air conditioning needs for the County Building; and

Whereas, the City and the County are now the principal lessees of all of the space in the Chicago Civic Center, which lies in the City block immediately east of the block on which the City Hall and the County Building are situated; and

Whereas, it is deemed to be in the best interests of the City, the County and the Commission that the said steam requirements of both the City and the County be supplied by the Commission from its nearby boiler plant in the Chicago Civic Center; and

Whereas, the Commission, in conjunction with the current alteration, repair, improvement and renovation of the City Hall by the Commission and in anticipation of entering into contracts for the sale of steam to the City and the County, has solicited bids and let a contract for the installation of an additional boiler at the Chicago Civic Center and for the construction of steam lines from the Chicago Civic Center to the County Building and into and through the County Building and into the City Hall, in order to supply the said steam requirements to the City and the County and in order to provide the Chicago Civic Center with additional standby capacity and effect economies in the operation of its boiler plant; and

Whereas, the Commission has committed funds currently available in its Chicago Civic Center Construction Account to the payment for the construction of said new boiler and said new steam lines, which funds in the absence of said construction would ultimately flow through the Surplus Account to the credit of the City and the County under the provisions that certain "Resolution No. 86, Authorizing and Providing for the Issue of $87,000,000 Public Building Revenue Bonds, Series of 1963"; and

Whereas, the County has, contemporaneously with the execution of this Agreement, granted to the Commission an easement for the construction of said steam lines into and through the County Building and for the maintenance and servicing thereof; and

Whereas, the said steam requirements can thus be supplied by the Commission to the City, as lessee of the City Hall, and to the County for the County Building at a rate, per thousand pounds of steam, equal to twice the actual cost to the Commission, per thousand pounds of steam, of all fuel, including fuel oil and natural gas, used to manufacture all steam produced by the Commission at the Chicago Civic Center; and

Whereas, the calendar year is the fiscal year for the Commission; and

Whereas, the Commission's annual budget, as limited by Article 16 of said "Resolution No. 86, Authorizing and Providing for the Issue of $87,000,000 Public Building Revenue Bonds, Series of 1963," will not provide sufficient funds to cover all of the costs incident to the maintenance and operation of the additional boiler of the Commission and of the steam requirements of the City and the County; thereby requiring that the Commission adopt a supplemental budget covering, among such other items as may be included therein, all or part of the costs incident to the maintenance and operation of said additional boiler and said steam requirements; and

Whereas, the City and the County, on receipt of such a supplemental budget adopted by the Commission, do intend, by proper action of their respective governing bodies to elect to appropriate in their respective annual budgets amounts sufficient to pay for the steam furnished to each of them;

Now, Therefore, in consideration of the mutual covenants and agreements hereinafter stated, It Is Agreed by and between the parties hereto as follows:

1. The Commission shall furnish and deliver to the City, and the City shall receive and accept from the Commission, all of the steam necessary for the heating (but not the air conditioning) of the City Hall during the term of this Agreement.

2. The Commission shall furnish and deliver to the County, and the County shall receive and accept from the Commission, all of the steam necessary for the heating and the air conditioning of the County Building during the term of this Agreement.

3. The term of this Agreement shall begin on ..........................., 1969, shall continue definitely through December 31, 1983, and shall continue thereafter indefinitely on a calendar-year-to-calendar-year basis until written notice of termination is given by one party to the others at least thirty (30) days, but not more than one hundred eighty (180) days, prior to December 1st of any year after 1982, whereupon this Agreement shall terminate on November 30th of the year following the year in which said written notice of termination is given, provided, however, that notice of termination by the City, only, or by the County, only, shall not discharge or otherwise impair any of the rights and duties, under this Agreement, between the Commission and the other party not giving such notice.

4. The City and the County shall each pay the Commission for all steam furnished and delivered to it during the period from ..................., 1969, through December 31, 1969, both inclusive at a rate, per thousand pounds of steam, equal to twice the actual cost to the Commission, per thousand pounds of steam, of all fuel, including fuel oil and natural gas, used to manufacture all steam produced by the Commission at the Chicago Civic Center during said period. Thereafter, the City and the County shall each pay the Commission for all steam furnished and delivered to it during each calendar year at a rate, per thousand pounds of steam, equal to twice the actual cost to the Commission, per thousand pounds of steam, of all fuel, including fuel oil and natural gas, used to manufacture all steam produced by the Commission at the Chicago Civic Center during said calendar year.

5. (a) The total quantity of steam furnished and delivered by the Commission to the City and to the County shall be measured by a steam flow meter in the main steam supply line from the Chicago Civic Center steam generating plant to the City Hall and to the County Building. Said quantity of steam shall be allocated to the City and County on the basis of meter readings from separate steam condensate meters installed in the steam condensate return lines from the City and from the County, said steam condensate meter readings to be adjusted by the managing agent for the Chicago Civic Center for: (1) waste or loss of steam or steam condensate by act or negligence of the City or of the County or due to casualty occurring at a location in the County Building or City Hall beyond the point of the location of the County's and City's respective initial steam cut-off valves in their respective steam supply lines coming off of the main steam supply line; (2) consumption of steam or steam condensate by the City and the County by steam-using devices or systems which may, at any time, be installed or operated by the City or County in their respective premises; and (3) for any period of time any steam condensate meter may have been inoperable for any reason whatsoever. In the event the steam flow meter in the main steam supply line becomes inoperative by reason of any matter whatsoever, the quantity of steam to be allocated to the City and County shall be estimated by the managing agent for the Chicago Civic Center, but such quantity shall not, in any event, be in excess of the total quantity of steam measured by said steam flow meter for the corresponding period in the preceding year.

(b) The City and the County shall severally furnish in writing to the managing agent for the Chicago Civic Center a list of all steam-using devices or systems, presently or hereafter installed by them, jointly or severally, which receive and accept quantities of steam from the Commission, but which do not return all of the steam condensate therefrom to the Commission through the steam condensate meters contemplated by this Agreement. Each said list shall contain sufficient information and data from which said managing agent can estimate the quantities of steam furnished and delivered to the City and to the County, severally, for which no steam condensate is returned to the Commission as aforesaid.

(c) In making any of the estimates authorized or required by this paragraph 5, the managing agent for the Chicago Civic Center may give consideration to outside temperatures and other weather conditions, prior and subsequent readings of operative steam flow meters and steam condensate return meters, standards engineering computations, or any one or more of the aforesaid. Any determination or estimate of said managing agent authorized or required by this paragraph 5 shall, when determined or made, be binding and conclusive on all of the parties to this Agreement.

(d) Steam flow meter and steam condensate meter readings shall be taken, recorded and preserved by the managing agent for the Chicago Civic Center on the first day of each calendar month and at such other times as will be necessary or convenient to carry out the intent and purposes of this Agreement. It shall be permissible to take and record said readings by means of pen recorders.

6. Prior to each calendar year, said calendar year also being the fiscal year of the Commission, the Commission will prepare and adopt a proposed supplemental budget covering maintenance and operating expenses for the Chicago Civic Center for said calendar year and will include in said proposed supplemental budget, as separate line items under the class of expenditures entitled "Heating and Air Conditioning", the several respective estimated sums of money which, under this Agreement, the City and the County will be severally and respectively required to pay the Commission for steam to be furnished and delivered to them, severally and respectively, under this Agreement, during said calendar year. These said several and respective estimated sums of money set forth in said proposed supplemental budget shall be paid by the City and by the County, severally and respectively, to the Commission, in full and in advance, on or before January 1st of said calendar year. For the period from ......................., 1969 through December 31, 1969, both inclusive, said estimated sums of money shall be $....................... in total for the City and $....................... in total for the County, and for the calendar year 1970 said estimated sums of money shall be $48,500.00 in total for the City and $70,800.00 in total for the County; all of these said estimated sums of money shall be included in the said proposed supplemental budget for the calendar year 1970, and shall be paid by the City and the County, severally and respectively, to the Commission, in full and in advance, on or before January 1, 1970. For the calendar year 1971, said estimated sums of money shall also be $48,500.00 in total for the City and $70,800.00 in total for the County; and these said estimated sums of money shall be included in the said proposed supplemental budget for the calendar year 1971, and shall be paid by the City and the County, severally and respectively, to the Commission, in full and in advance, on or before January 1, 1971. For each calendar year after 1971, said estimated sums of money, to be included in the said proposed supplemental budget, shall be the respective products of the estimated total quantities of steam to be received and accepted by the City and the County, severally and respectively, during said year, set forth in the estimate required under paragraph 7 of this Agreement, in units of thousands of pounds of steam, multiplied by the best estimate of the managing agent of the Chicago Civic Center of what the rate, per thousand pounds of steam, under paragraph 4 of this Agreement, will be for said year.

7. The managing agent for the Chicago Civic Center shall, prior to March 1 of each year, present to the City, the County and the Commission a statement showing the following data for the preceding calendar year, except that for the calendar year 1969, the data shall cover only the part thereof after ......................., 1969: the total quantity of steam manufactured by the Commission during said period at the Chicago Civic Center; the total actual cost to the Commission of all fuel, including fuel oil and natural gas, used to manufacture the aforesaid total quantity of steam; the total quantity of steam furnished and delivered by the Commission to the City during said period, determined according to paragraph 5 of this Agreement; the total quantity of steam furnished and delivered by the Commission to the County during said period, determined according to paragraph 5 of this Agreement; and the quotient, expressed in units of dollars and cents and mills per thousand pounds of steam, of the aforesaid total actual cost to the Commission of all fuel divided by the aforesaid total quantity of steam manufactured by the Commission. The managing agent for the Chicago Civic Center shall also present to the City, the County, and the Commission, prior to the time for the adoption of the said proposed supplemental budget, an estimate of the total quantities of steam to be furnished and delivered by the Commission to, and to be received and accepted from the Commission by, the City and the County, severally and respectively, during the next calendar year, except that the first estimate so presented shall, in addition, show the total quantities of steam to be furnished and delivered and received and accepted, as aforesaid, during the period after ......................., 1969, and up to the aforesaid next calendar year. The Commission shall, during the regular business hours of and at the office of its managing agent for the Chicago Civic Center, make or cause to be made available for the several inspections of the City and the County the records and computations from which all costs, statements, data and estimates, referred to in this Agreement, are determined.

8. After the statement, referred to in paragraph 7 of this Agreement, has been presented, the managing agent for the Chicago Civic Center shall compute the actual total sums which the City and the County are severally and respectively required, under paragraph 4 of this Agreement, to pay the Commission for all steam furnished and delivered to them, severally and respectively, during the period covered by said statement. In the event that the said actual total sum of any party receiving and accepting steam under this Agreement is more or less than the estimated sums of money paid by that party for the same period, the excess or deficiency thereof, shall be included as a credit to or a charge against that party in the next proposed supplemental budget adopted after the period covered by said statement; and any said charge against that said party by reason of such deficiency shall be paid by that said party to the Commission in full on or before January 1st of the year covered by the said proposed supplemental budget containing said charge.

9. Each and every estimated sum of money, referred to in paragraph 6 of this Agreement, and each and every charge against a party receiving and accepting steam under this Agreement, referred to in paragraph 8 of this Agreement, shall be payable by that said party to the Commission regardless of whether it does or does not elect to appropriate funds in its annual budget sufficient to pay its proportionate share of any other items of expense contained in said proposed supplemental budget prepared and adopted by the Commission. The right of the Commission, under the certain lease heretofore mentioned, to reduce the extent of its services under said lease shall not apply to the furnishing and delivery of steam under this Agreement to the City for the City Hall or to the County for the County Building; however, nothing in said lease shall in any way limit or qualify the right of the Commission, under this Agreement, to diminish or stop furnishing and delivering steam to the City or to the County, or to both of them, for default in payment for steam furnished and delivered under this Agreement.

10. For purposes of this Agreement, one thousand pounds of steam is defined as one thousand pounds of water converted into steam.

11. The steam supply lines from the Chicago Civic Center to the City Hall and to the County Building, respectively, and the steam condensate return lines from the City Hall and from the County Building to the Chicago Civic Center, together with all steam flow meters, steam condensate meters, valves, equipment, apparatus, machinery, structural supports, and other appurtenances, up to the respective points in space where they are no longer within either the Chicago Civic Center premises or any easement inuring to the benefit of the Commission, and, in addition with respect to the steam supply lines, to the points just beyond the location of the City's and County's respective initial steam cut-off valves in their respective steam supply lines coming off the main steam supply line, shall be and remain the property of the Commission; and said respective points shall be deemed the terminal points of said lines for purposes of this Agreement. The Commission will maintain, repair and inspect all of its said property, within the Commission's side of said terminal points. All steam supply lines, steam condensate return lines, steam flow meters, steam condensate meters, valves, equipment, apparatus, machinery, structural supports and other appurtenances, not within the Commission's side of said terminal points, shall be maintained, repaired and inspected by the party in whose premises they are located; provided, however, that the Commission shall also retain sole ownership, possession, control, maintenance, right to repair, and right to inspect any and all steam condensate meters furnished, installed or acquired by the Commission. Neither the City nor the County, nor any of their respective officers, agents or employees, shall interfere or tamper with or damage, nor attempt to adjust, maintain, exchange, disconnect, install or remove, any of the aforesaid property of the Commission without the prior written consent of the Commission. The City and the County shall each allow the Commission, its Commissioners, officers, agents and employees, all reasonable access to the City Hall and to the County Building, respectively, necessary for the maintenance, repair or inspection of the Commission's said property. The furnishing and delivery by the Commission to the City and to the County, severally, of steam in the steam supply lines to the City Hall and to the County Building, severally and respectively, at their respective said terminal points at a pressure of 120 pounds per square inch gauge shall constitute performance by the Commission of its duties to the City and the County, severally and respectively, under paragraphs 1 and 2 of this Agreement.

12. Nothing in this Agreement shall render the Commission liable to the other parties hereto, or either of them, for the structural, mechanical, thermal or electrical sufficiency or efficiency of any heating or air conditioning system, nor any part thereof, nor any other steam-using device or system, not wholly within either the Chicago Civic Center premises or any easement inuring to the benefit of the Commission; and the aforesaid particularly applies to but is not limited to damages or injury sustained as a result of the bursting of or damage to any part of any said heating or air conditioning system in the City Hall or in the County Building beyond and outside of the Commission's side of the terminal points referred to in this Agreement.

13. Neither the City nor the County shall install or maintain in its heating system, nor shall the County install or maintain in its air conditioning system, any automatic valve, device or apparatus, whereby the supply of steam to be furnished and delivered by the Commission may be cut off or diminished. Neither the City nor the County shall divert or waste any steam furnished and delivered under this Agreement, nor any steam condensate resulting from said steam. Neither the City nor the County shall introduce any cold water into any of the steam condensate return lines without the prior written consent of the Commission.

14. Should any party receiving and accepting steam under this Agreement become more than (6) months in default of payment, as said payment is provided for in this Agreement, the Commission may diminish or stop, as it sees fit, furnishing and delivering steam to that said party under this Agreement until that said party cures said default.

15. The Commission shall not be liable to the City and the County, either jointly or severally, for or on account of any diminution or stoppage of the furnishing and delivery of steam hereunder due to any acts or omissions on their parts, jointly or severally, or on the part of any one of them, including but not limited to default in payment under this Agreement, nor due to any fire, strike, casualty, equipment breakdown, accident or other cause beyond the control of the Commission, nor due to any acts of the Commission in conjunction with the current alteration, repair, renovation and improvement of the City Hall under other agreements. Any such diminution or stoppage shall not constitute a breach of this Agreement.

16. Neither the City nor the County shall turn its entire heating system, nor a majority (as measured by steam consumption) thereof, nor shall the County turn its entire air conditioning system, nor a majority (as measured by steam consumption) thereof, either on or off without giving the Commission notice thereof of one hour or more. Said notice may be given in person, by telephone or in writing to the Commission's managing agent for the Chicago Civic Center or to the operating engineer in charge of the Commission's heating plant in the Chicago Civic Center.

17. Any notice or any demand required or permitted by this Agreement shall be served in the following manner:

(a) By delivering a duly executed copy thereof to the Chairman or Secretary of the Commission, if the Commission is being served; or to the City Clerk, if the City is being served, or to the County Clerk, if the County is being served; or

(b) By depositing a duly executed copy thereof in the United States mails, by registered or certified mail, duly addressed to the Commission, City or County, as the case may be.

Service by such mailing shall be deemed sufficient if addressed to the Commission, City, or County, as the case may be, at such address as the Commission, City, or County, may have last furnished the other parties in writing and until a different address shall be so furnished, by mailing the same as aforesaid, addressed, as the case may be, as follows:

18. Whenever consent, approval, permission or any other act of the Commission, its managing agent, the City or the County may be required according to the provisions of this Agreement, the parties agree that such consent, approval, permission or other act shall not be unreasonably withheld or delayed by the party or parties of whom the same is requested.

19. This Agreement shall inure to the benefit of and be binding upon the respective successors and assigns of the Commission, the City and the County.

### *Court Decision.*

A communication from the Department of Law, signed by Edmund Hatfield, Assistant Corporation Counsel, and Marvin E. Aspen, Head of Appeals and Review Division, advising the City Council that on December 8, 1969 the Appellate Court of Illinois rendered its opinion in the cause entitled *City of Chicago, a Municipal Corporation, Plaintiff-Appellee vs. Bernadine Harmon, Defendant-Appellant, Appellate Court No. 52433,* reversing and remanding the judgment of the Circuit Court denying the defendant's motion for a new trial. Defendant was convicted of disorderly conduct and fined $25.00 by the trial court. When defendant could not pay her fine, she was committed to the House of Correction to work off the fine at the rate of $5.00 per day. Defendant was not represented by counsel during the lower court proceeding, nor was she allowed to make a telephone call upon arrest after she was taken to the Fillmore Street Police Station. After a relative paid the defendant's fine and she was released from the House of Correction, she enlisted the services of a Legal Aid attorney who presented on her behalf a motion for a new trial which was denied. When defendant appealed to the Appellate Court on constitutional questions, the cause was transferred to the Supreme Court, which is so provided by Illinois Constitution, directly; the Supreme Court concluded that defendant's constitutional rights had not been violated. However, on reassignment to the Appellate Court the cause was reversed and remanded solely on the ground that the defendant had been denied due process of law by virtue of incommunicado detention.—*Placed on File.*

*Claims against City of Chicago.*

Also claims against the City of Chicago, which were *Referred to the Committee on Finance,* filed by the following:

James Bradford, Calvin Butler, Daniel M. Chuick, Jack L. Cohen, Albert Curtis, Alice Felisian, Arthur J. Gahan, Victor Gondra, Nicy Hadley, Max C. Hohl, Robert E. Jeffries, Joe Kirschner, John C. *Settlements of Suits with Entries of Judgments against City.*

Also a report from the Corporation Counsel addressed to the City Council under date of December 31, 1969 (signed by Brian M. Kilgallon, Assistant Corporation Counsel), as to suits against the City of Chicago in which settlements were made and judgments entered.—*Referred to the Committee on Finance.*

### Execution of Steam Agreement by and between City of Chicago, County of Cook and Public Building Commission Authorized.

On motion of Alderman Keane the City Council took up for consideration the report of the Committee on Finance deferred and published on December 30, 1969, pages 7351-7357, recommending that the City Council pass a proposed ordinance transmitted with the committee's report to authorize the execution of steam agreement by and between the City of Chicago, the County of Cook and the Public Building Commission of Chicago.

On motion of Alderman Keane said proposed ordinance was *Passed,* by yeas and nays as follows:

*Yeas*—Aldermen Roti, Hubbard, Metcalfe, Holman, Despres, Rayner, Bohling, Cousins, Lupo, Buchanan, Bilandic, Swinarski, Staszcuk, Burke, Sheridan, Shannon, Hines, Fitzpatrick, Campbell, Frost, Kuta, Collins, Zydlo, Sain, Jambrone, Biggs, McMahon, Keane, Gabinski, Brandt, Sande, Laskowski, Aiello, Casey, Cullerton, Laurino, Simon, Scholl, McCutcheon, Singer, Fifielski, Kerwin, Hoellen, O'Rourke, Wigoda, Sperling—46.

*Nays*—None.

The following is said ordinance as passed:

WHEREAS, The alteration and renovation of the City Hall Building and certain renovation work being done in the County Building, including the air conditioning thereof through means of a steam-powered absorption system, would require the renovation of the existing City Hall boiler plant and extensive stack repairs in order to meet the new steam requirements of both the City Hall and the County Building; and

WHEREAS, The Public Building Commission of Chicago has caused an additional boiler to be installed at the Chicago Civic Center and has constructed steam lines from the Chicago Civic Center to the County Building and into and through the County Building and into the City Hall, in order to supply all of the steam requirements of both the City and the County, and in order to provide the Chicago Civic Center with additional standby capacity, and to effect economies in the operation of its boiler plant which will accrue to the benefit of the City and County as lessees of the Chicago Civic Center; and

WHEREAS, It is the opinion of the Public Building Commission of Chicago, the City of Chicago and the County of Cook that it will be the most economical for all parties that the City and County be furnished all of their steam requirements by the Public Building Commission of Chicago from the Chicago Civic Center boiler plant; now, therefore,

*Be It Ordained by the City Council of the City of Chicago:*

SECTION 1. That for the purposes above designated in the preamble of this ordinance, the Mayor is authorized to execute in behalf of the City and the City Clerk is authorized to attest, when approved by the Corporation Counsel, an Agreement by and between the City of Chicago, the County of Cook and the Public Building Commission entitled "Steam Agreement" substantially in the following form:

This Agreement, made and entered into this ...................... day of ......................, 19...., by and between the Public Building Commission of Chicago, a municipal corporation of the State of Illinois (hereinafter referred to as the "Commission"), the City of Chicago, a municipal corporation of the State of Illinois (hereinafter referred to as the "City"), and the County of Cook, a body politic and corporate of the State of Illinois (hereinafter referred to as the "County").

WITNESSETH:

Whereas, the City has been supplying the County, from the existing City Hall boiler plant, with all of the County's steam requirements for the heating of the County Building; and

Whereas, the County is now engaged in a renovation of the County Building, including the addition thereto of a steam-powered, absorption-type air conditioning system, which said system will greatly increase its steam requirements; and

Whereas, the Commission has heretofore acquired the fee simple title to the City Hall premises and is in the process of altering, repairing, improving and renovating said City Hall and has leased the entire City Hall premises to the City; and

Whereas, the City, as sole lessee of said City Hall, is responsible for providing and paying for the maintenance and operation of said City Hall including, by way of illustration and not in limitation thereof, the heating and air conditioning of said City Hall; and

Whereas, the proposed new air conditioning system for the City Hall will be of electric-powered, compressor-type, not requiring steam heat; and

Whereas, in order to meet all of the new steam requirements of both the City and the County, the existing City Hall boiler plant would have to be renovated and enlarged; and

Whereas, it is the opinion of the Commission, the City and the County that it would not be economical to renovate or enlarge the existing City Hall boiler plant; and

Whereas, the City will still require steam for its heating needs for the City Hall and the County for both its heating and proposed air conditioning needs for the County Building; and

Whereas, the City and the County are now the principal lessees of all of the space in the Chicago Civic Center, which lies in the City block immediately east of the block on which the City Hall and the County Building are situated; and

Whereas, it is deemed to be in the best interests of the City, the County and the Commission that the said steam requirements of both the City and the County be supplied by the Commission from its nearby boiler plant in the Chicago Civic Center; and

Whereas, the Commission, in conjunction with the current alteration, repair, improvement and renovation of the City Hall by the Commission and in anticipation of entering into contracts for the sale of steam to the City and the County, has solicited bids and let a contract for the installation of an additional boiler at the Chicago Civic Center and for the construction of steam lines from the Chicago Civic Center to the County Building and into and through the County Building and into the City Hall, in order to supply the said steam requirements to the City and the County and in order to provide the Chicago Civic Center with additional standby capacity and effect economies in the operation of its boiler plant; and

Whereas, the Commission has committed funds currently available in its Chicago Civic Center Construction Account to the payment for the construction of said new boiler and said new steam lines, which funds in the absence of said construction would ultimately flow through the Surplus Account to the credit of the City and the County under the provisions that certain "Resolution No. 86, Authorizing and Providing for the Issue of $87,000,000 Public Building Revenue Bonds, Series of 1963"; and

Whereas, the County has, contemporaneously with the execution of this Agreement, granted to the Commission an easement for the construction of said steam lines into and through the County Building and for the maintenance and servicing thereof; and

Whereas, the said steam requirements can thus be supplied by the Commission to the City, as lessee of the City Hall, and to the County for the County Building at a rate, per thousand pounds of steam, equal to twice the actual cost to the Commission, per thousand pounds of steam, of all fuel, including fuel oil and natural gas, used to manufacture all steam produced by the Commission at the Chicago Civic Center; and

Whereas, the calendar year is the fiscal year for the Commission; and

Whereas, the Commission's annual budget, as limited by Article 16 of said "Resolution No. 86, Authorizing and Providing for the Issue of $87,000,000 Public Building Revenue Bonds, Series of 1963," will not provide sufficient funds to cover all of the costs incident to the maintenance and operation of the additional boiler of the Commission and of the steam requirements of the City and the County; thereby requiring that the Commission adopt a supplemental budget covering, among such other items as may be included therein, all or part of the costs incident to the maintenance and operation of said additional boiler and said steam requirements; and

Whereas, the City and the County, on receipt of such a supplemental budget adopted by the Commission, do intend, by proper action of their respective governing bodies to elect to appropriate in their respective annual budgets amounts sufficient to pay for the steam furnished to each of them;

Now, Therefore, in consideration of the mutual covenants and agreements hereinafter stated, It Is Agreed by and between the parties hereto as follows:

1. The Commission shall furnish and deliver to the City, and the City shall receive and accept from the Commission, all of the steam necessary for the heating (but not the air conditioning) of the City Hall during the term of this Agreement.

2. The Commission shall furnish and deliver to the County, and the County shall receive and accept from the Commission, all of the steam necessary for the heating and the air condition-

ing of the County Building during the term of this Agreement.

3. The term of this Agreement shall begin on ........................., 1969, shall continue definitely through December 31, 1983, and shall continue thereafter indefinitely on a calendar-year-to-calendar-year basis until written notice of termination is given by one party to the others at least thirty (30) days, but not more than one hundred eighty (180) days, prior to December 1st of any year after 1982, whereupon this Agreement shall terminate on November 30th of the year following the year in which said written notice of termination is given, provided, however, that notice of termination by the City, only, or by the County, only, shall not discharge or otherwise impair any of the rights and duties, under this Agreement, between the Commission and the other party not giving such notice.

4. The City and the County shall each pay the Commission for all steam furnished and delivered to it during the period from .................., 1969, through December 31, 1969, both inclusive at a rate, per thousand pounds of steam, equal to twice the actual cost to the Commission, per thousand pounds of steam, of all fuel, including fuel oil and natural gas, used to manufacture all steam produced by the Commission at the Chicago Civic Center during said period. Thereafter, the City and the County shall each pay the Commission for all steam furnished and delivered to it during each calendar year at a rate, per thousand pounds of steam, equal to twice the actual cost to the Commission, per thousand pounds of steam, of all fuel, including fuel oil and natural gas, used to manufacture all steam produced by the Commission at the Chicago Civic Center during said calendar year.

5. (a) The total quantity of steam furnished and delivered by the Commission to the City and to the County shall be measured by a steam flow meter in the main steam supply line from the Chicago Civic Center steam generating plant to the City Hall and to the County Building. Said quantity of steam shall be allocated to the City and County on the basis of meter readings from separate steam condensate meters installed in the steam condensate return lines from the City and from the County, said steam condensate meter readings to be adjusted by the managing agent for the Chicago Civic Center for: (1) waste or loss of steam or steam condensate by act or negligence of the City or of the County or due to casualty occurring at a location in the County Building or City Hall beyond the point of the location of the County's and City's respective initial steam cut-off valves in their respective steam supply lines coming off of the main steam supply line; (2) consumption of steam or steam condensate by the City and the County by steam-using devices or systems which may, at any time, be installed or operated by the City or County in their respective premises; and (3) for any period of time any steam condensate meter may have been inoperable for any reason whatsoever. In the event the steam flow meter in the main steam supply line becomes inoperative by reason of any matter whatsoever, the quantity of steam to be allocated to the City and County shall be estimated by the managing agent for the Chicago Civic Center, but such quantity shall not, in any event, be in excess of the total quantity of steam measured by said steam flow meter for the corresponding period in the preceding year.

(b) The City and the County shall severally furnish in writing to the managing agent for the Chicago Civic Center a list of all steam-using devices or systems, presently or hereafter installed by them, jointly or severally, which receive and accept quantities of steam from the Commission, but which do not return all of the steam condensate therefrom to the Commission through the steam condensate meters contemplated by this Agreement. Each said list shall contain sufficient information and data from which said managing agent can estimate the quantities of steam furnished and delivered to the City and to the County, severally, for which no steam condensate is returned to the Commission as aforesaid.

(c) In making any of the estimates authorized or required by this paragraph 5, the managing agent for the Chicago Civic Center may give consideration to outside temperatures and other weather conditions, prior and subsequent readings of operative steam flow meters and steam condensate return meters, standards engineering computations, or any one or more of the aforesaid. Any determination or estimate of said managing agent authorized or required by this paragraph 5 shall, when determined or made, be binding and conclusive on all of the parties to this Agreement.

(d) Steam flow meter and steam condensate meter readings shall be taken, recorded and preserved by the managing agent for the Chicago Civic Center on the first day of each calendar month and at such other times as will be necessary or convenient to carry out the intent and purposes of this Agreement. It shall be permissible to take and record said readings by means of pen recorders.

6. Prior to each calendar year, said calendar year also being the fiscal year of the Commission, the Commission will prepare and adopt a proposed supplemental budget covering maintenance and operating expenses for the Chicago Civic Center for said calendar year and will include in said proposed supplemental budget, as separate line items under the class of expenditures entitled "Heating and Air Conditioning", the several respective estimated sums of money which, under this Agreement, the City and the County will be severally and respectively required to pay the Commission for steam to be furnished and delivered to them, severally and respectively, under this Agreement, during said calendar year. These said several and respective estimated sums of money set forth in said proposed supplemental budget shall be paid by the City and by the County, severally and respectively, to the Commission, in full and in advance, on or before January 1st of said calendar year. For the period from ......................, 1969 through December 31, 1969, both inclusive, said estimated sums of money shall be $...................... in total for the City and $...................... in total for the County, and for the calendar year 1970 said estimated sums of money shall be $48,500.00 in total for the City and $70,800.00 in total for the County; all of these said estimated sums of money shall be included in the said proposed supplemental budget for the calendar year 1970, and shall be paid by the City and the County, severally and respectively, to the Commission, in full and in advance, on or before January 1, 1970. For the calendar year 1971, said estimated sums of money shall also be $48,500.00 in total for the City and $70,800.00 in total for the County; and these said estimated sums of money

shall be included in the said proposed supplemental budget for the calendar year 1971, and shall be paid by the City and the County, severally and respectively, to the Commission, in full and in advance, on or before January 1, 1971. For each calendar year after 1971, said estimated sums of money, to be included in the said proposed supplemental budget, shall be the respective products of the estimated total quantities of steam to be received and accepted by the City and the County, severally and respectively, during said year, set forth in the estimate required under paragraph 7 of this Agreement, in units of thousands of pounds of steam, multiplied by the best estimate of the managing agent of the Chicago Civic Center of what the rate, per thousand pounds of steam, under paragraph 4 of this Agreement, will be for said year.

7. The managing agent for the Chicago Civic Center shall, prior to March 1 of each year, present to the City, the County and the Commission a statement showing the following data for the preceding calendar year, except that for the calendar year 1969, the data shall cover only the part thereof after ........................, 1969: the total quantity of steam manufactured by the Commission during said period at the Chicago Civic Center; the total actual cost to the Commission of all fuel, including fuel oil and natural gas, used to manufacture the aforesaid total quantity of steam; the total quantity of steam furnished and delivered by the Commission to the City during said period, determined according to paragraph 5 of this Agreement; the total quantity of steam furnished and delivered by the Commission to the County during said period, determined according to paragraph 5 of this Agreement; and the quotient, expressed in units of dollars and cents and mills per thousand pounds of steam, of the aforesaid total actual cost to the Commission of all fuel divided by the aforesaid total quantity of steam manufactured by the Commission. The managing agent for the Chicago Civic Center shall also present to the City, the County, and the Commission, prior to the time for the adoption of the said proposed supplemental budget, an estimate of the total quantities of steam to be furnished and delivered by the Commission to, and to be received and accepted from the Commission by, the City and the County, severally and respectively, during the next calendar year, except that the first estimate so presented shall, in addition, show the total quantities of steam to be furnished and delivered and received and accepted, as aforesaid, during the period after ........................, 1969, and up to the aforesaid next calendar year. The Commission shall, during the regular business hours of and at the office of its managing agent for the Chicago Civic Center, make or cause to be made available for the several inspections of the City and the County the records and computations from which all costs, statements, data and estimates, referred to in this Agreement, are determined.

8. After the statement, referred to in paragraph 7 of this Agreement, has been presented, the managing agent for the Chicago Civic Center shall compute the actual total sums which the City and the County are severally and respectively required, under paragraph 4 of this Agreement, to pay the Commission for all steam furnished and delivered to them, severally and respectively, during the period covered by said statement. In the event that the said actual total sum of any party receiving and accepting steam under this Agreement is more or less than the estimated sums of money paid by that party for the same period, the excess or deficiency thereof, shall be included as a credit to or a charge against that party in the next proposed supplemental budget adopted after the period covered by said statement; and any said charge against that said party by reason of such deficiency shall be paid by that said party to the Commission in full on or before January 1st of the year covered by the said proposed supplemental budget containing said charge.

9. Each and every estimated sum of money, referred to in paragraph 6 of this Agreement, and each and every charge against a party receiving and accepting steam under this Agreement, referred to in paragraph 8 of this Agreement, shall be payable by that said party to the Commission regardless of whether it does or does not elect to appropriate funds in its annual budget sufficient to pay its proportionate share of any other items of expense contained in said proposed supplemental budget prepared and adopted by the Commission. The right of the Commission, under the certain lease heretofore mentioned, to reduce the extent of its services under said lease shall not apply to the furnishing and delivery of steam under this Agreement to the City for the City Hall or to the County for the County Building; however, nothing in said lease shall in any way limit or qualify the right of the Commission, under this Agreement, to diminish or stop furnishing and delivering steam to the City or to the County, or to both of them, for default in payment for steam furnished and delivered under this Agreement.

10. For purposes of this Agreement, one thousand pounds of steam is defined as one thousand pounds of water converted into steam.

11. The steam supply lines from the Chicago Civic Center to the City Hall and to the County Building, respectively, and the steam condensate return lines from the City Hall and from the County Building to the Chicago Civic Center, together with all steam flow meters, steam condensate meters, valves, equipment, apparatus, machinery, structural supports, and other appurtenances, up to the respective points in space where they are no longer within either the Chicago Civic Center premises or any easement inuring to the benefit of the Commission, and, in addition with respect to the steam supply lines, to the points just beyond the location of the City's and County's respective initial steam cut-off valves in their respective steam supply lines coming off the main steam supply line, shall be and remain the property of the Commission; and said respective points shall be deemed the terminal points of said lines for purposes of this Agreement. The Commission will maintain, repair and inspect all of its said property, within the Commission's side of said terminal points. All steam supply lines, steam condensate return lines, steam flow meters, steam condensate meters, valves, equipment, apparatus, machinery, structural supports and other appurtenances, not within the Commission's side of said terminal points, shall be maintained, repaired and inspected by the party in whose premises they are located; provided, however, that the Commission shall also retain sole ownership, possession, control, maintenance, right to repair, and right to inspect any and all steam condensate meters furnished, installed or acquired by the Commission. Neither the City nor the County, nor any of their respective officers, agents or employees,

13. Neither the City nor the County shall install or maintain in its heating system, nor shall the County install or maintain in its air conditioning system, any automatic valve, device or apparatus, whereby the supply of steam to be furnished and delivered by the Commission may be cut off or diminished. Neither the City nor the County shall divert or waste any steam furnished and delivered under this Agreement, nor any steam condensate resulting from said steam. Neither the City nor the County shall introduce any cold water into any of the steam condensate return lines without the prior written consent of the Commission.

14. Should any party receiving and accepting steam under this Agreement become more than (6) months in default of payment, as said payment is provided for in this Agreement, the Commission may diminish or stop, as it sees fit, furnishing and delivering steam to that said party under this Agreement until that said party cures said default.

15. The Commission shall not be liable to the City and the County, either jointly or severally, for or on account of any diminution or stoppage of the furnishing and delivery of steam hereunder due to any acts or omissions on their parts, jointly or severally, or on the part of any one of them, including but not limited to default in payment under this Agreement, nor due to any fire, strike, casualty, equipment breakdown, accident or other cause beyond the control of the Commission, nor due to any acts of the Commission in conjunction with the current alteration, repair, renovation and improvement of the City Hall under other agreements. Any such diminution or stoppage shall not constitute a breach of this Agreement.

16. Neither the City nor the County shall turn its entire heating system, nor a majority (as measured by steam consumption) thereof, nor shall the County turn its entire air conditioning system, nor a majority (as measured by steam consumption) thereof, either on or off without giving the Commission notice thereof of one hour or more. Said notice may be given in person, by telephone or in writing to the Commission's managing agent for the Chicago Civic Center or to the operating engineer in charge of the Commission's heating plant in the Chicago Civic Center.

17. Any notice or any demand required or permitted by this Agreement shall be served in the following manner:

### Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *Definitions.*

1. "Basic gross revenue level," is that the reve-

nue income anticipated to be received by Facility No. 1 during the period of this Agreement, and shall be established by considering a selected series of consecutive prior years which, in the judgment of the Commissioner, best represents that average level of yearly gross revenue received by said Facility, together with any current increase in parking fees authorized by the City Council.

2. "Actual gross revenue level," is the actual dollar amount of gross revenue received by the Facility from parking fees during the period of this Agreement, as shall be determined by an examination of all books and records pertaining to such actual revenues, received, said examination to be conducted by the City after the termination of this Agreement.

3. "Basic or minimum fee," is that amount of compensation which, in the judgment of the Commissioner, represents a reasonable base payment for management services to be rendered by the Operator during the term of this Agreement as compensation for achieving the "basic gross revenue level" during the period of this Agreement.

4. "Additional or incremental fee," is that compensation over and above the "basic or minimum fee" payable to the Operator as determined by certain percentages of "blocks" of $25,000 by which the "actual gross revenue" of the Facility exceeds the "basic gross revenue" received by the Facility during the period of this Agreement, as set forth in Exhibit "A", attached hereto and made a part hereof.

B. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

C. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner, on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

D. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement, the Operator of Facility No. 1 shall be paid for the period of this Agreement, as follows:

(1) A basic or minimum fee of $16,000.00, being 4 percent of the basic gross revenue level of said Facility which is hereby set at $400,000.00.

(2) Additional or incremental fees shall be paid on successive "blocks" of gross revenue of $25,000.00 over and above the basic gross revenue level, as set forth in Exhibit "A" attached hereto and made a part hereof.

(3) The combined total fees as reflected in the following Exhibit "A" attached hereto and made a part hereof, embodies the intent and purpose of paragraphs (1) and (2) of this section D.

[Exhibit "A" printed on page 7417 of this Journal]

E. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the Facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 1 will be approximately $19,000.00 and that the Operator's annual reimbursable expense will be approximately $197,000.00 making the total annual payment to the Operator to be approximately $216,000.00. The Operator shall receive a monthly reimbursement on one-twelfth of the total approximate yearly payment, or $18,000.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of each of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgement, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

F. In the event that parking rates for Facility No. 1 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign, or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises, facility and appurtenances without notice.

### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........... day of ......................, A.D. 19..., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Systems Auto Parks and Garages, Inc., an Illinois corporation (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

535 South State Street, Chicago, Illinois, known as City of Chicago Parking Facility No. 3.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said term shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

2. "Actual gross revenue level," is the actual dollar amount of gross revenue received by the Facility from parking fees during the period of this Agreement, as shall be determined by an examination of all books and records pertaining to such actual revenues, received, said examination to be conducted by the City after the termination of this Agreement.

3. "Basic or minimum fee," is that amount of compensation which, in the judgment of the Commissioner, represents a reasonable base payment for management services to be rendered by the Operator during the term of this Agreement as compensation for achieving the "basic gross revenue level" during the period of this Agreement.

4. "Additional or incremental fee," is that compensation over and above the "basic or minimum fee' payable to the Operator as determined by certain percentages of "blocks" of $25,000 by which the "actual gross revenue" of the Facility exceeds the "basic gross revenue" received by the Facility during the period of this Agreement, as set forth in Exhibit "A", attached hereto and made a part hereof.

B. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and States and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

C. *Budget.*

The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

For full and faithful performance of the provisions contained in this Agreement, the Operator of Facility No. 5 shall be paid for the period of this Agreement as follows:

The Operator shall receive a monthly reimbursement on one-twelfth of the total approximate yearly payment, or $12,750.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of each of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if in his sole judgement, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final statement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

F. In the event that parking rates for Facility No. 5 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said term shall be sooner terminated as hereinafter provided.

Article I.

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this agreement and take immediate possession of said premises and facility first hereinabove described. G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of noncompliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

### Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *Definitions.*

1. "Basic gross revenue level," is that the revenue income anticipated to be received by Facility No. 6 during the period of this Agreement, and shall be established by considering a selected series of consecutive prior years which, in the judgment of the Commissioner, best represents that average level of yearly gross revenue received by said Facility, together with any current increase in parking fees authorized by the City Council.

2. "Actual gross revenue level," is the actual dollar amount of gross revenue received by the Facility from parking fees during the period of this Agreement, as shall be determined by an examination of all books and records pertaining to such actual revenues, received, said examination to be conducted by the City after the termination of this Agreement.

3. "Basic or minimum fee," is that amount of compensation which, in the judgment of the Commissioner, represents a reasonable base payment for management services to be rendered by the Operator during the term of this Agreement as compensation for achieving the "basic gross revenue level" during the period of this Agreement.

4. "Additional or incremental fee" is that compensation over and above the "basic or minimum

fee" payable to the Operator as determined by certain percentages of "blocks" of $25,000 by which the "actual gross revenue" of the Facility exceeds the "basic gross revenue" received by the Facility during the period of this Agreement, as set forth in Exhibit "A", attached hereto and made a part hereof.

B. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

C. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner, on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

D. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement, the Operator of Facility No. 6 shall be paid for the period of this Agreement, as follows:

(1) A basic or minimum fee of $20,000.00, being 4 percent of the basic gross revenue level of said Facility which is hereby set at $500,000.00.

(2) Additional or incremental fees shall be paid on successive "blocks" of gross revenue of $25,000.00 over and above the basic gross revenue level as set forth in Exhibit "A" attached hereto and made a part hereof.

(3) The combined total fees as reflected in the following Exhibit "A" attached hereto and made a part hereof, embodies the intent and purpose of paragraphs (1) and (2) of this section D.

[Exhibit "A" printed on page 7453 of this Journal]

E. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the Facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 6 will be approximately $36,000.00 and that the Operator's annual reimbursable expense will be approximately $177,000.00 making the total annual payment to the Operator to be approximately $213,000.00. The Operator shall receive a monthly reimbursement on one-twelfth of the total approximate yearly payment, or $17,750.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of each of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

F. In the event that parking rates for Facility No. 6 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign, or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises, facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 7 shall be paid for the period of this Agreement 5% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 7 will be approximately $3,200.00 and that the Operator's annual reimbursable expense will be approximately $50,200.00 making the total annual payment to the Operator to be approximately $53,400.00. The Operator shall receive a monthly reimbursement of one twelfth of the total approximate yearly payment, or $4,450.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 7 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

## Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

## Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

## Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois, 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: Sam D. 2. "Actual gross revenue level," is the actual dollar amount of gross revenue received by the Facility from parking fees during the period of this Agreement, as shall be determined by an examination of all books and records pertaining to such actual revenues received, said examination to be conducted by the City after the termination of this Agreement.

3. "Basic or minimum fee," is that amount of compensation which, in the judgment of the Commissioner, represents a reasonable base payment for management services to be rendered by the Operator during the term of this Agreement as compensation for achieving the "basic gross revenue level" during the period of this Agreement.

4. "Additional or incremental fee," is that compensation over and above the "basic or minimum fee" payable to the Operator as determined by certain percentages of "blocks" of $25,000 by which the "actual gross revenue" of the Facility exceeds the "basic gross revenue" received by the Facility during the period of this Agreement, as set forth in Exhibit "A", attached hereto and made a part hereof.

B. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

The Operator shall receive a monthly reimbursement on one-twelfth of the total approximate yearly payment, or $11,750.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of each of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment ,the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

sell, assign, or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises, facility and appurtenances without notice.

E. ### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ............ day of ......................, A.D. 19..., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Rialto Parking Service Corporation, an Illinois corporation (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

> 320 North LaSalle Street, Chicago, Illinois, known as City of Chicago Parking Facility No. 9.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said term shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of noncompliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

## Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *Definitions.*

1. "Basic gross revenue level," is that the revenue income anticipated to be received by Facility No. 9 during the period of this Agreement, and shall be established by considering a selected series of consecutive prior years which, in the judgment of the Commissioner, best represents that average

level of yearly gross revenue received by said Facility, together with any current increase in parking fees authorized by the City Council.

2. "Actual gross revenue level," is the actual dollar amount of gross revenue received by the Facility from parking fees during the period of this Agreement, as shall be determined by an examination of all books and records pertaining to such actual revenues, received, said examination to be conducted by the City after the termination of this Agreement.

3. "Basic or minimum fee," is that amount of compensation which, in the judgment of the Commissioner, represents a reasonable base payment for management services to be rendered by the Operator during the term of this Agreement as compensation for achieving the "basic gross revenue level" during the period of this Agreement.

4. "Additional or incremental fee," is that compensation over and above the "basic or minimum fee" payable to the Operator as determined by certain percentages of "blocks" of $25,000 by which the "actual gross revenue" of the Facility exceeds the "basic gross revenue" received by the Facility during the period of this Agreement, as set forth in Exhibit "A", attached hereto and made a part hereof.

B. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

C. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner, on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

D. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement, the Operator of Facility No. 9 shall be paid for the period of this Agreement as follows:

(1) A basic or minimum fee of $16,000.00, being 4 percent of the basic gross revenue level of said Facility which is hereby set at $400,000.00.

(2) Additional or incremental fees shall be paid on successive "blocks" of gross revenue of $25,000.00 over and above the basic gross revenue level, as set forth in Exhibit "A" attached hereto and made a part hereof.

(3) The combined total fees as reflected in the following Exhibit "A" attached hereto and made a part hereof, embodies the intent and purpose of paragraphs (1) and (2) of this section D.

[Exhibit "A" printed on page 7473 of this Journal]

E. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the Facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 9 will be approximately $16,000.00 and that the Operator's annual reimbursable expense will be approximately $161,000.00 making the total annual payment to the Operator to be approximately $177,000.00. The Operator shall receive a monthly reimbursement on one-twelfth of the total approximate yearly payment, or $14,750.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of each of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

F. In the event that parking rates for Facility No. 9 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign, or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises, facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........... day of ......................., A.D. 19..., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Norman Auto Parks, Incorporated, an Illinois corporation (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

535 North St. Clair Street, Chicago, Illinois, known as City of Chicago Parking Facility No. 10.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said term shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. ### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of noncompliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign, or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects but not otherwise. D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises, facility and appurtenances without notice.

E. ### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Harry and Narissa Johnson d/b/a, G. and J. This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

4050 West Washington Blvd., Chicago, Illinois, known as City of Chicago Parking Facility No. 18.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

Should any balance of costs remain which are not covered by said insurance policies, fifty (50) percent of said balance shall be paid by the City and fifty (50) percent shall be paid by the Operator.

C. Notwithstanding the foregoing provisions, in the event of a casualty described in Paragraph A of this Article, the Commissioner may elect, in his sole judgment, to consider said premises and facility beyond repair and refuse to permit the repair, reconstruction or restoration of said premises and facility, and upon written notice of said election from the Commissioner to the Operator within thirty (30) days from the date of said casualty, the obligation of the operator to pay such rent and charges as are hereinafter reserved to the City shall cease and this Agreement shall thereupon terminate; provided, however, that all rents and charges theretofore accrued shall remain due and payable by the Operator forthwith.

| Each hour thereafter | 0.15 |

C. It is understood and agreed that parking fees, rates and charges may be changed by the Commissioner when authorized and directed to do so by the City Council of the City of Chicago and the Operator agrees to make such changes when directed to do so by the Commissioner. Fees, rates and charges shall be put into effect within forty-eight (48) hours after written notification thereof has been given to the Operator by the Commissioner and shall remain in effect until changed by the Commissioner as herein provided.

### Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 18 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 18 will be approximately $280.00 and that the Operator's annual reimbursable expense will be approximately $3,020.00 making the total annual payment to the Operator to be approximately $3,300.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $275.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 18 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Harry and Narissa Johnson d/b/a, G. and J. Parking (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

4045 West Washington Blvd., Chicago, Illinois, known as City of Chicago Parking Facility No. 19.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

C. It is understood and agreed that parking fees, rates and charges may be changed by the Commissioner when authorized and directed to do so by the City Council of the City of Chicago, and the Operator agrees to make such changes when directed to do so by the Commissioner. Fees, rates and charges shall be put into effect within forty-eight (48) hours after written notification thereof has been given to the operator by the Commissioner and shall remain in effect until changed by the Commissioner as herein provided.

### Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 19 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 19 will be approximately $1,500.00 and that the Operator's annual reimbursable expense will be approximately $11,460.00 making the total annual payment to the Operator to be approximately $12,960.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $1,080.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 19 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

Such notices shall be deemed to have been given when deposited in any United States Post Office.

### Article XXV.

CITY OF CHICAGO
PARKING FACILITY
OPERATOR'S AGREEMENT

This Agreement, made this ...................... day of ........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Harry and Narissa Johnson d/b/a, G. and J. Parking (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

22 North Keeler Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 21.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

C. "Operator" means any natural person, partnership, corporation, company or other legal entity who or which owns, controls, manages and directs the business of parking motor vehicles on public off-street parking lots, or in public off-street parking garages, or in other public off-street parking facilities.

Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

2. To cause and require all employees serving as attendants on the premises and facility to wear uniforms, caps and badges to be supplied by and at the expense of the Operator and to require said employees at all times to present a neat and clean appearance. D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 21 will be approximately $150.00 and that the Operator's annual reimbursable expense will be approximately $2,250.00 making the total annual payment to the operator to be approximately $2,400.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $200.00 on the tenth day of the following month for the first eleven months

of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 21 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

Article XXIV.

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 23 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 23 will be approximately $400.00 and that the Operator's annual reimbursable expense will be approximately $2,600.00 making the total annual payment to the Operator to be approximately $3,000.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $250.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 23 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Operator's Agreement

This Agreement, made this ........................ day of ..............................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City") and Sam D. Kaplan d/b/a Sam D. Kaplan Auto Parks (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

845 West Wilson Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 25.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

C. "Operator" means any natural person, partnership, corporation, company or other legal entity who or which owns, controls, manages and directs the business of parking motor vehicles on public off-street parking lots, or in public off-street parking garages, or in other public off-street parking facilities.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

2. To cause and require all employees serving as attendants on the premises and facility to wear uniforms, caps and badges to be supplied by and at the expense of the Operator and to require said employees at all times to present a neat and clean appearance. B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 25 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 25 will be approximately $340.00 and that the Operator's annual reimbursable expense will be approximately $2,960.00 making the total annual payment to the Operator to be approximately $3,300.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $275.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 25 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. ### OPERATOR'S AGREEMENT

This Agreement, made this ....................... day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Sam D. Kaplan d/b/a, Sam D. Kaplan Auto Parks (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

931 West Carmen Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 26.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 26 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 26 will be approximately $560.00 and that the Operator's annual reimbursable expense will be approximately $3,100.00 making the total annual payment to the Operator to be approximately $3,660.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $305.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 26 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois, 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: Sam D. Kaplan Auto Parks, 188 Randolph Tower, Chicago, Illinois, or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time. Such notices shall be deemed to have been given when deposited in any United States Post Office.

### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Sam D. Kaplan d/b/a, Sam D. Kaplan Auto Parks (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

1515 West Belmont Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 27.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

C. "Operator" means any natural person, partnership, corporation, company or other legal entity who or which owns, controls, manages and directs the business of parking motor vehicles on public off-street parking lots, or in public off-street parking garages, or in other public off-street parking facilities.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. The Operator agrees and admits that no representations as to condition or repair have been made by the City or its officers, employees or agents, which are not herein expressed or endorsed hereon, and that no promises to decorate, alter, repair or improve said premises, before, at or after the execution of this Agreement by the parties, not expressly contained herein, have been made by the City or its officers, employees or agents.

If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. Any such sign, billboard, poster, advertising material or similar devices not authorized by him may be removed by the City and all cost and expense resulting therefrom shall be charged to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses in addition to the rent and charges otherwise reserved in this Agreement. ### Article VI.

*Alterations and additions.*

The Operator shall make no alterations or additions to the premises and facility first hereinabove described without the prior consent of the City as evidenced by approval in writing signed by the Commissioner. Said alterations and additions shall include, but are not limited to, locks, bolts and all fixtures.

### Article VII.

*Maintenance by Operator.*

F. Make minor necessary repairs to plumbing, lighting and heating equipment. It is agreed by and between the parties that the Commissioner in his sole judgment shall determine whether a repair is minor or otherwise.
G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

2. To cause and require all employees serving as attendants on the premises and facility to wear uniforms, caps and badges to be supplied by and at the expense of the Operator and to require said employees at all times to present a neat and clean appearance. The color and design of said uniforms, caps and badges shall be first approved in writing signed by the Commissioner.

### Article XIV.

A. In the event the premises and facility or a part thereof shall become damaged or destroyed by fire, explosion, or other casualty, and if the Commissioner determines in his sole judgment that said damages can be repaired within a reasonable time, upon notification thereof, the Operator agrees to submit plans and specifications for approval by the Commissioner, which are necessary to restore the premises and facility to the condition which existed prior to said damage, and agrees to make all repairs according to said plans and specifications after approval by the Commissioner. The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 27 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 27 will be approximately $2,450.00 and that the Operator's annual reimbursable expense will be approximately $10,510.00 making the total annual payment to the Operator to be approximately $12,960.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $1,080.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense state-

ments reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 27 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowedge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois, 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: Sam D. Kaplan Auto Parks, 188 Randolph Tower, Chicago, Illinois, or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time. Such notices shall be deemed to have been given when deposited in any United States Post Office.

### Article XXV.

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 28 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 28 will be approximately $470.00 and that the Opertor's annual reimbursable expense will be approximately $1,990.00 making the total annual payment to the Operator to be approximately $2,460.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $205.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 28 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois, 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: Sam D. Kaplan Auto Parks, 188 Randolph Tower, Chicago, Illinois, or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time. Such notices shall be deemed to have been given when deposited in any United States Post Office.

1635 W. Melrose Street, Chicago, Illinois, known as City of Chicago Parking Facility No. 29.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

2. To cause and require all employees serving as attendants on the premises and facility to wear uniforms, caps and badges to be supplied by and at the expense of the Operator and to require said employees at all times to present a neat and clean appearance. ### Article XIX.

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 29 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 29 will be approximately $2,300.00 and that the Operator's annual reimbursable expense will be approximately $10,480.00 making the total annual payment to the Operator to be approximately $12,780.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $1,065.00 on the tenth day of the following month for the first eleven month of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 29 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises, facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois, 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: Sam D. Kaplan Auto Parks, 188 Randolph Tower, Chicago, Illinois, or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time. Such notices shall be deemed to have been given when deposited in any United States Post Office.

### Article XXV.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finanlized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 30 will be approximately $450.00 and that the Operator's annual reimbursable expense will be approximately $2,190.00 making the total annual payment to the Operator to be approximately $2,640.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $220.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 30 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreemnt by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due. or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

## Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Sam D. Kaplan d/b/a, Sam D. Kaplan Auto Parks (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

3155 N. Paulina Street, Chicago Illinois, known as City of Chicago Parking Facility No. 31.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 31 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 31 will be approximately $420.00 and that the Operator's annual reimbursable expense will be approximately $2,160.00 making the total annual payment to the Operator to be approximately $2,580.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $215.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 31 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: Sam D. ### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ............................, A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Sam D. Kaplan d/b/a, Sam D. Kaplan Auto Parks (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

1602 West Barry Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 32.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

Fees, rates and charges shall be put into effect within forty-eight (48) hours after written notification thereof has been given to the Operator by the Commissioner and shall remain in effect until changed by the Commissioner as herein provided.

### Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 32 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 32 will be approximately $990.00 and that the Operator's annual reimbursable expense will be approximately $8,130.00 making the total annual payment to the Operator to be approximately $9,120.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $760.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 32 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois, 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: Sam D. Kaplan Auto Parks, 188 Randolph Tower, Chicago, Illinois, or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time. Such notices shall be deemed to have been given when deposited in any United States Post Office.

### Parking Facility
### Operator's Agreement

This Agreement, made this ...................... day of ........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Sam D. Kaplan d/b/a, Sam D. Kaplan Auto Parks (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

1531 West Melrose Street, Chicago, Illinois, known as City of Chicago Parking Facility No. 33.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

### Article XVIII.

### Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 33 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 33 will be approximately $1,650.00 and that the Operator's annual reimbursable expense will be approximately $9,390.00 making the total annual payment to the Operator to be approximately $11,040.00. The operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $920.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the

basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 33 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois, 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: Sam D. ### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........................day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Ralph E. Albrecht d/b/a, Safeway Parking Company (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, convenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

17 East 112th Place, Chicago, Illinois, known as City of Chicago Parking Facility No. 34.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 34 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 34 will be approximately $1,350.00 and that the Operator's annual reimbursable expense will be approximately $2,670.00 making the total annual payment to the Operator to be approximately $4,020.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $335.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 34 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XXI.

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

CITY OF CHICAGO

OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Ralph E. Albrecht d/b/a, Safeway Parking Company (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

29 East 112th Street, Chicago, Illinois, known as City of Chicago Parking Facility No. 35.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 35 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period: provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 35 will be approximately $940.00 and that the Operator's annual reimbursable expense will be approximately $2,360.00 making the total annual payment to the Operator to be approximately $3,300.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $275.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 35 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this

Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

This Agreement, made this ........................ day of ........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Ralph E. Albrecht d/b/a, Safeway Parking Company (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

9 East 111th Place, Chicago, Illinois, known as City of Chicago Parking Facility No. 36.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

Article I.

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. C. It is understood and agreed that parking fees, rates and charges may be changed by the Commissioner when authorized and directed to do so by the City Council of the City of Chicago and the Operator agrees to make such changes when directed to do so by the Commissioner. Fees, rates and charges shall be put into effect within forty-eight (48) hours after written notification thereof has been given to the Operator by the Commissioner and shall remain in effect until changed by the Commissioner as herein provided.

### Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provision contained in this Agreement the Operator of Facility No. 36 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 36 will be approximately $880.00 and that the Operator's annual reimbursable expense will be approximately $2,360.00 making the total annual payment to the Operator to be approximately $3,240.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $270.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 36 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois, 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: Safeway Parking Company, 4014 North LaPorte Avenue, Chicago, Illinois 60641, or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time. Such notices shall be deemed to have been given when deposited in any United States Post Office.

### Article XXV.

CITY OF CHICAGO
PARKING FACILITY
OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Louis E. Alport d/b/a, L. E. Alport and Company (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

5404 South Cornell Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 37.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

### Article V.

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 37 will be approximately $600.00 and that the Operator's annual reimbursable expense will be approximately $1,200.00 making the total annual payment to the Operator to be approximately $1,800.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly

payment, or $150.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 37 are increased and are to take effect at any time during the period of this Agreeement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

Article XXIV.

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: L. E. Alport and Company, 5237 South Harper, Chicago, Illinois, or in either case to such other respective parties and adresses as the parties hereto may designate in writing from time to time. Such notices shall be deemed to have been given when deposited in any United States Post Office.

Article XXV.

### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ....................... day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Sam D. Kaplan d/b/a, Sam D. Kaplan Auto Parks (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

1241 North Paulina Street, Chicago, Illinois, known as City of Chicago Parking Facility No. 38.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 38 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 38 will be approximately $2,900.00 and that the Operator's annual reimbursable expense will be approximately $13,900.00 making the total annual payment to the Operator to be approximately $16,800.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $1,400.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

### CITY OF CHICAGO
### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Sam D. Kaplan d/b/a, Sam D. Kaplan Auto Parks (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

1217 North Bosworth Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 39.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 39 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 39 will be approximately $580.00 and that the Operator's annual reimbursable expense will be approximately $3,500.00 making the total annual payment to the Operator to be approximately $4,080.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $340.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after this Agreement.

In the event that parking rates for Facility No. 39 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

### Article XX.

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

### Article XXI.

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

### Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

CITY OF CHICAGO
PARKING FACILITY
OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Sam D. Kaplan d/b/a, Sam D. Kaplan Auto Parks (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

1352 North Bauwans Street, Chicago, Illinois, known as City of Chicago Parking Facility No. 40.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

#### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

C. "Operator" means any natural person, partnership, corporation, company or other legal entity who or which owns, controls, manages and directs the business of parking motor vehicles on public off-street parking lots, or in public off-street parking garages, or in other public off-street parking facilities.

#### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. The Operator agrees and admits that no representations as to condition or repair have been made by the City or its officers, employees or agents, which are not herein expressed or endorsed hereon, and that no promises to decorate, alter, repair or improve said premises, before, at or after the execution of this Agreement by the parties, not expressly contained herein, have been made by the City or its officers, employees or agents.

If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. Any such sign, billboard, poster, advertising material or similar devices not authorized by him may be removed by the City and all cost and expense resulting therefrom shall be charged to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses in addition to the rent and charges otherwise reserved in this Agreement. The City hereby reserves the right to erect and maintain such signs or billboards on the premises and facility, from time to time, as the Commissioner may deem advisable.

### Article VI.

*Alterations and additions.*

The Operator shall make no alterations or additions to the premises and facility first hereinabove described without the prior consent of the City as evidenced by approval in writing signed by the Commissioner. All alterations and additions shall remain as part of said premises and facility unless the City shall otherwise elect, as evidenced by prior approval in writing signed by the Commissioner. Said alterations and additions shall include, but are not limited to, locks, bolts and all fixtures.

### Article VII.

*Maintenance by Operator.*

F. Make minor necessary repairs to plumbing, lighting and heating equipment. It is agreed by and between the parties that the Commissioner in his sole judgment shall determine whether a repair is minor or otherwise.
G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

2. To cause and require all employees serving as attendants on the premises and facility to wear uniforms, caps and badges to be supplied by and at the expense of the Operator and to require said employees at all times to present a neat and clean appearance. The color and design of said uniforms, caps and badges shall be first approved in writing signed by the Commissioner.

### Article XIV.

Said insurance shall be placed only with such insurance companies as are approved from time to time by the City Comptroller.

B. Each such insurance policy as set forth in this Article shall contain a provision to the effect that said insurance cannot be cancelled unless the City Comptroller has been notified not less than thirty (30) days prior to the intended cancellation date.

C. In the event that any additional premiums or audits shall be required, the same shall be paid by the City of Chicago from the revenues resulting from the operation of said facility; any return premiums or audits shall be paid to the City of Chicago, for deposit into an appropriate revenue fund.

A. In the event the premises and facility or a part thereof shall become damaged or destroyed by fire, explosion, or other casualty, and if the Commissioner determines in his sole judgment that said damages can be repaired within a reasonable time, upon notification thereof, the Operator agrees to submit plans and specifications for approval by the Commissioner, which are necessary to restore the premises and facility to the condition which existed prior to said damage, and agrees to make all repairs according to said plans and specifications after approval by the Commissioner. ### Article XIX.

*License fees, taxes and charges; budget; and compensation.*

A. *License fees, taxes and charges.*

The Operator shall advance all license fees, taxes and charges assessed under local ordinances and State and Federal statutes to the extent that they are applicable to the operation of the Facility. The Operator shall also secure armored car service for the daily collection of revenue from the Facility and advance payment for such services, the selection of the armored car service to be approved in writing by the Commissioner prior to the use thereof by the Operator.

B. *Budget.*

All expenses incurred or to be incurred by the Operator in anticipation of the advancement of funds under this Agreement shall be set forth in a budget for approval by the Commissioner on a form prescribed by the Commissioner, which shall include, but shall not be limited to, license fees, taxes, charges, employee payrolls and like expenses. The budget herein provided for shall be submitted no later than thirty (30) days following the execution of this Agreement and shall be supplemented from time to time so as to reflect such changes or additions as may become necessary or as requested by the Commissioner. The Operator shall submit such detailed supporting data as the Commissioner may request. Each expense item for which reimbursement is being claimed shall be designated as a reimbursable item on said budget. No expense item shall be reimbursed to the Operator unless approved by the Commissioner and the Independent Engineer.

C. *Compensation to Operator.*

For full and faithful performance of the provision contained in this Agreement the Operator of Facility No. 40 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 40 will be approximately $930.00 and that the Operator's annual reimbursable expense will be approximately $9,570.00 making the total annual payment to the Operator to be approximately $10,500.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly payment, or $875.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 40 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

## Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

## Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

## Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. CITY OF CHICAGO
PARKING FACILITY
OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ..........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Harry and Narissa Johnson d/b/a, G. and J. Parking (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

4735 South Vincennes Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 42.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

C. "Operator" means any natural person, partnership, corporation, company or other legal entity who or which owns, controls, manages and directs the business of parking motor vehicles on public off-street parking lots, or in public off-street parking garages, or in other public off-street parking facilities.

Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. Said alterations and additions shall include, but are not limited to, locks, bolts and all fixtures.

G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.

2. For full and faithful performance of the provisions contained in this Agreement the Operator of Facility No. 42 shall be paid for the period of this Agreement 10.0% of all gross revenue collected.

D. *Settlement and reimbursement.*

The Operator's total fee and expense reimbursement shall be computed, finalized and settled for the entire period of this Agreement, specifically on the basis of actual results of the operation of the facility for the period covered by this Agreement, as determined by an examination of the books and records of the Operator by the City after the termination of said period; provided, however, that the City shall make monthly payments of fees and reimbursable expenses, with quarterly adjustments, which shall substantially cover the Operator's earned fees and actual reimbursable expenses for each month under the following procedure:

(1) It is estimated that the Operator's yearly management fee for Facility No. 42 will be approximately $400.00 and that the Operator's annual reimbursable expense will be approximately $3,500.00 making the total annual payment to the Operator to be approximately $3,900.00. The Operator shall receive a monthly reimbursement of one-twelfth of the total approximate yearly

payment, or $325.00 on the tenth day of the following month for the first eleven months of the Agreement. The final settlement payment shall constitute the twelfth payment.

(2) At the end of the first three quarters of the period of this Agreement, the Operator shall submit to the City quarterly expense statements reflecting actual expenses incurred within each said quarter by the Operator for said facility. At the end of each quarter the Commissioner shall review actual management fees earned and expenses incurred and if, in his sole judgment, the estimated monthly reimbursement does not correctly reflect actual operations, he may appropriately adjust the monthly reimbursement to reflect actual operating conditions.

(3) At the end of the fourth quarter of the period of this Agreement, the Operator shall submit to the City the fourth quarterly reimbursable expense statement reflecting actual expenses incurred within said quarter. This quarterly statement, when combined with the three previously submitted quarterly statements, shall be used as the basis for computing the final settlement, subject to the aforementioned audit. Such audit shall be completed within 90 days after the expiration of this Agreement and final settlement shall be made within 120 days after the expiration of this Agreement.

In the event that parking rates for Facility No. 42 are increased and are to take effect at any time during the period of this Agreement, this Article XIX shall be subject to review, adjustment and renegotiation by and between the City and the Operator with respect to compensation, and supplemental agreement by and between said parties shall be drawn for the approval of the City Council and execution by the parties.

## Article XX.

*Collection of fees and charges.*

All parking fees and charges made and collected by the Operator and his employees under the terms of this Agreement shall be deposited daily with the armored car service referred to in Article XIX. B. hereof and said armored car service shall deposit said fees and charges for credit to such appropriate revenue account as shall be designated by the Commissioner, said procedure set forth in further detail in the Rules and Regulations promulgated by the Bureau of Parking. All such parking fees and charges shall be made pursuant to parking tickets supplied by the City, which shall be time stamped by the Operator and his employees in accordance with the Rules and Regulations hereinabove referred to, with the exception of monthly charges, otherwise provided for therein.

## Article XXI.

*Operator's records.*

The Operator shall keep accurate records, books and accounts in conformity with a system approved by the Commissioner and agrees to permit authorized personnel of the City to examine said records, books and accounts at any reasonable time as a matter of right.

## Article XXII.

*Vacation and abandonment of premises.*

A. If the Operator shall vacate, desert or abandon the premises and facility, or shall permit the same to remain vacated, deserted or abandoned for a period of ten (10) days, or if the Operator shall breach any covenant, promise or condition set forth in this Agreement, or if the Operator shall default in the payment of any rent or charges payable by him under this Agreement, or if the Operator shall sell, assign or mortgage this Agreement or any provision hereof, or if the Operator shall be in default with respect to his performance of any covenants, promises or conditions contained in this Agreement, or if the Operator shall fail to comply with any of the statutes, ordinances, rules, orders, regulations or requirements of the Federal, State and City government, or any and all of their departments and bureaus applicable or pertinent to said premises and facility, or in the event of the death or incapacity of the Operator, then the Operator's right to possession of the premises and facility thereupon shall cease and terminate, with or without any notice or demand whatsoever if the City so elects, but not otherwise. In such event or events hereinabove set forth, whether this Agreement shall be terminated or not, the Operator agrees to surrender to the City possession of the premises and facility immediately without notice to quit or demand for possession of the premises and facility whatsoever, and the Operator hereby grants to the City full and free license to enter into and upon said premises and facility, or any part thereof, to take possession thereof and expel and remove the Operator or any other person who may be occupying the premises and facility or any part thereof, without resort to courts for an order sanctioning such action, and the City may use force in expelling and removing the Operator and such other person as may be reasonably necessary to accomplish said purpose. It is agreed by the Operator that said entry of the premises and facility by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Operator.

B. The Operator hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Operator, or giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

D. If the Operator shall file a petition in bankruptcy or shall be involuntarily placed in bankruptcy, or shall be adjudicated a bankrupt, or shall make an assignment for the benefit of creditors, or shall take advantage of any provisions in any statute or ordinance for the advantage of insolvent persons, the City may elect to terminate this Agreement and the term hereof and take immediate possession of the premises facility and appurtenances without notice.

E. In the event the City elects to terminate this Agreement because of a violation of any provisions of this Article, upon such termination the Operator shall compensate the City for any loss in revenue as may be sustained by reason of such termination and provision for such compensation shall be made a condition of the Performance Bond referred to in Article XVII of this Agreement.

F. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

### Article XXIII.

*Costs, expenses and attorney's fees.*

The Operator agrees to pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by the City in enforcing the covenants, promises and conditions of this Agreement, whether by the institution of litigation or in taking of advice of counsel, or otherwise.

### Article XXIV.

*Notices.*

Notices to the City provided under this Agreement may be sent by registered mail, postage prepaid, addressed to the Commissioner of Streets and Sanitation, Room 707, City Hall, Chicago, Illinois, 60602, and notices to the Operator provided for in this Agreement may be sent by registered mail, postage prepaid, addressed to the Operator at: G. and J. Parking, 9443 South Eberhardt Avenue, Chicago, Illinois 60619, or in either case to such other respective parties and addresses as the parties hereto may designate in writing from time to time. Such notices shall be deemed to have been given when deposited in any United States Post Office.

### Article XXV.

*Construction of Agreement.*

### PARKING FACILITY
### OPERATOR'S AGREEMENT

This Agreement, made this ........................ day of ........................., A.D. 19...., between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Harry and Narissa Johnson d/b/a, G. and J. Parking (sometimes hereinafter referred to as "Operator").

This Agreement Witnesseth:

That for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to the Operator the privileges hereinafter described and the Operator agrees to assume the duties, responsibilities, and obligations as hereinafter set forth, with respect to the premises and parking facility described as follows:

4616 South Prairie Avenue, Chicago, Illinois, known as City of Chicago Parking Facility No. 43.

This City of Chicago Parking Facility Operator's Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1970, and ending on the 31st day of December, 1970, unless said terms shall be sooner terminated as hereinafter provided.

### Article I.

*Definition of terms.*

A. "Bureau of Parking" means that agency of the City of Chicago, having management and control of the establishment, operation and maintenance of parking facilities.

B. "Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago, or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

C. "Operator" means any natural person, partnership, corporation, company or other legal entity who or which owns, controls, manages and directs the business of parking motor vehicles on public off-street parking lots, or in public off-street parking garages, or in other public off-street parking facilities.

### Article II.

*Assignment or transfer.*

The Operator shall not assign or transfer this Agreement nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner. If the Operator is a partnership or corporation or legal entity other than a natural person, and control of said entity changes at any time during the term hereof, the City may, at its option, deem and declare such change as a breach of this Agreement and take immediate possession of said premises and facility first hereinabove described. It is understood and agreed by and between the City and the Operator that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing the relationship of co-partners or joint venturers between the parties hereto.

### Article III.

*Present condition of premises.*

The Operator has examined the premises, facilities and appurtenances first hereinabove described, prior to and as a condition precedent to his acceptance and the execution of this Agreement, and is satisfied with the physical condition of said premises, and his taking possession shall constitute conclusive evidence of his receipt thereof in safe and sanitary condition, and in good order and repair, unless otherwise specified herein. The Operator agrees and admits that no representations as to condition or repair have been made by the City or its officers, employees or agents, which are not herein expressed or endorsed hereon, and that no promises to decorate, alter, repair or improve said premises, before, at or after the execution of this Agreement by the parties, not expressly contained herein, have been made by the City or its officers, employees or agents.

If said premises and facility shall not be so kept by the Operator, the City may enter the premises (without such entry constituting a termination of the privileges herein granted or an interference with the possession of or construction or other eviction from said premises and facility) and do all things necessary to restore said premises and facility to the condition herein required.

### Article V.

*Signs and advertising.*

The Operator shall not permit or place, post or cause to be placed or posted any sign, billboard, poster, advertising material or similar devices in view of the general public on, in or about the premises and facility without prior written approval signed by the Commissioner. Any such sign, billboard, poster, advertising material or similar devices not authorized by him may be removed by the City and all cost and expense resulting therefrom shall be charged to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses in addition to the rent and charges otherwise reserved in this Agreement. G. Advance payment for all utility services, including gas, heat, water and electricity, reimbursement being subject to all provisions of this Agreement.

Should the Operator fail to comply with any of the obligations listed above, the City may, after five (5) days notice to comply, in the event of non-compliance, enter upon said premises and take all steps necessary to insure compliance with the above obligations, in addition to other remedies set forth herein, charging the cost and expense of such entry and procedure to the Operator, and the Operator hereby agrees to reimburse the City for all such costs and expenses.
